

GC air dust problem persists

Granite City continues to get good marks on sulfur dioxide, carbon monoxide, nitrogen and lead levels in the air. But particulate pollution here and in East St. Louis—and ozone levels in Madison and St. Clair counties—add to the pressure on Illinois legislators to require auto exhaust testing in the two counties.

Particulates, or dust, monitored by the state continue to be more severe in Granite City than at any other Illinois site, as has been the case for five years.

EAST ST. LOUIS, with no heavy industry, ranks third worst in particulates, raising the question in some officials' minds of whether unique atmospheric conditions prevail in this region.

Wood River exceeds the federal standard for sulfur dioxide in the air.

The Illinois Environmental Protection Agency is disappointed with the 1983 particulate situation. Although it stepped up its anti-particulate campaign starting this year, establishing fugitive dust control rules on Jan. 1, the problem remained the same in this area and grew worse in Calumet City.

Regional readings of 134 micrograms per cubic meter of air in Granite City, 93 in Calumet City and 94 in East St. Louis compare with a U.S. regulation of 75. The figures are the annual geometric mean at a city's worst monitoring location.

Industries continue to add equipment to contain dust as well as spraying roads and covering their trucks and conveyor belts.

Girl, 2, rescued from Long Lake

A near-drowning in Pontoon Beach Saturday ended in a successful rescue, thanks to quick thinking on the part of 2-year-old Nicole Spender's father in using cardiopulmonary resuscitation (CPR).

"This was the first such incident I can recall in this area where the child has survived," said Charles Parmley, an employee of Campbell Ambulance Service. "I'm convinced

she was saved due to her father knowing CPR."

AT ABOUT 9:30 a.m. Saturday, Nicole, a Montgomery, Ill., resident who was visiting her grandparents at their home, 3965 Lake St., stumbled into Long Lake while playing in the backyard.

The grandfather, hearing a splash, ran to the edge of the lake and saw Nicole in the water. While the child's grandmother went to call

an ambulance, her grandfather pulled her out of the water.

Nicole's father immediately began mouth-to-mouth resuscitation. Shortly afterward, the child vomited and began spontaneous breathing.

PARMLEY SAID the ambulance, Long Lake firemen and Pontoon Beach police arrived "about 30 seconds" after the child began breathing.

"She was crying when we arrived, but her breathing was good," he said. "Her stomach was distended (from swallowing water), so we worked to clear this and we also cleared a little water from her lungs."

Parmley said Nicole also was suffering from a mild case of hypothermia, having a body temperature of 95 degrees. He said the ambulance crew administered oxygen, with the consent of St. Elizabeth Medical Center personnel, while hurrying to SEMC.

THE CHILD WAS transferred to Cardinal Glennon Hospital in St. Louis later in the day. Parmley said the transfer was made because of a possibility of the child catching pneumonia. No report on her condition was available today.

"I can't stress enough the importance of knowing CPR," Parmley said. "This girl would not have made it without it."

17-year-old drowns

Delbert Leroy Lynch Jr., 17, of 10573 Montmore St., St. Louis, formerly of Granite City, disappeared in water while trying to swim to shore in the Chain of Rocks Canal about 1½ miles south of the canal bridge at 5 p.m. Thursday.

He and a friend, Richard Cline of St. Louis, were hanging onto a log paddling in the water and began to drift into deeper water when his cousin, who was sitting on the bank, called to the two boys urging them to swim back to the bank because of the strong current.

APPARENTLY Mr. Lynch was unable to swim the distance and went under, and although his friend tried to help him, but was unable to save his life, according to statements given to officials.

His body was recovered at 9:30 p.m. by the Alton Volunteer Emergency Corps, Twin Rivers Search and Rescue team, who directed dragging procedures for about four hours.

Unemployment dips

Unemployment in Granite City declined from 14.3 percent in March to 12.1 percent in April, according to preliminary figures released Saturday by the Illinois Department of Labor's Bureau of Employment Security.

The decline in unemployment was matched by similar declines throughout the county and the region. "The Current Population Survey (CPS) shows a large decrease in unemployment and a small increase in employment, resulting in a slight decrease in the labor force and a large drop in the unemployment rate," observed George Erhart of the bureau.

IN GRANITE CITY the workforce (total employed and unemployed) declined from 19,775 in March to 19,300 in April while the number of persons employed rose by only 25 persons, from 16,925 in March to 16,950 in April. The resulting effect on unemployment showed a decline of 500 persons from the active unemployment rolls, from 2,825 in March to 2,325 in April's preliminary totals.

The decline in unemployment in Granite City dropped it to third highest in unemployment of major cities in this area. Belleville was the highest with 15.1 percent in April (an improvement from 18.2 percent in March). Alton followed at 12.4 percent (down from 13.4 percent) and Granite City was third at 12.1 percent. Lowest in the percentage of residents on the active unemployment rolls was East St. Louis at 10.6 percent.

The unemployment listing includes only those receiving unemployment benefits and actively seeking work. Those whose benefits have run out are not included.

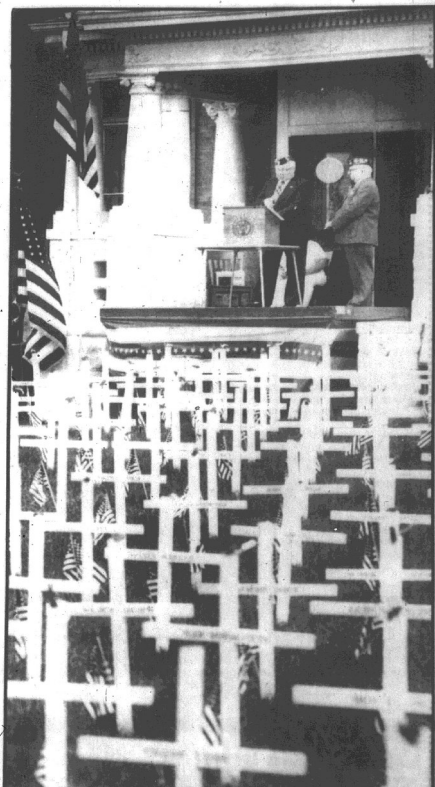

COUNTY-WIDE, unemployment dipped from 12.3 percent to 10.8 percent during the same period. The number on the active unemployment rolls declined from 15,550 in March to 14,925 in April while the workforce declined from 129,800 to 127,925.

The highest unemployment in the seven-county region was in Calhoun County with 23.9 percent unemployed in April, a drop from 28.6 percent in March. However, the workforce in that county is only 2,450 persons, so only 600 were listed as unemployed.

Next highest in Jersey County at 14.7 percent in April (a drop from 16.6 percent in March). It is followed by Bond County at 12.6 percent, Clinton County at 11.7 percent, Madison County at 10.8 percent, St. Clair County at 10.4 percent and Monroe County at 9.5 percent.

THROUGHOUT the seven-county region, the unemployment rate dipped from 12.2 percent in March to 10.1 percent in April. From a workforce of 291,750 in the seven counties, 31,050 were unemployed in April.

State-wide, the unemployment rate in April's preliminary figures was 9.5 percent, a drop from 10.6 percent the previous month. Of a workforce of 5,532,000, total unemployment was 527,000 persons, the statistics show.

A TRIBUTE TO OUR WAR DEAD. Glen Smith, at podium, senior vice commander of American Legion District 32, addresses the gathering at the Venice-Madison Post 307 Memorial Day services Sunday morning. White crosses, numbering 468 and accompanied by small U.S. flags, grace the post home's lawn, each representing a deceased member of Post 307 or a serviceman from the Venice-Madison area killed in combat action. Mehelic questions prosecutor's role

By PAT HAY LUTZ for the Press-Record
A motion to drop charges of official misconduct against Namook Township Highway Commissioner Frank Mehelic is under advisement, according to Mehelic's attorney, James Wallis.

The motion to drop charges was filed Thursday, along with another motion to remove State's Attorney Don Weber from Mehelic's case because Wallis contends that Weber faces similar charges.

BOTH MEN are charged with official misconduct because of directions given to employees—Mehelic because of allegedly directing employees to do personal work for him on township time and Weber because he allegedly told an assistant prosecutor when to return indictments in an investigation by a

grand jury into county property assessments. The similarity in charges, Wallis argues, makes it "improper" for Weber to participate in Mehelic's case.

Wallis also filed a motion Friday (Continued on Page 8)

Storm whips area

High winds and heavy rains plagued the Granite City area Friday night with spot flooding, electrical outages and property damage.

In one particular incident, a Granite City resident narrowly escaped injury when a 20-year-old tree on his residence was struck by lightning. Earl B. Brown of 1325 Edwardsville Road had just finished working on his car, when he noticed the storm moving in.

ACCORDING to Brown, at about 6:30 p.m. he pulled his car out of the garage into his driveway, got out of the car and moments later, the tree in his yard was hit. The tree cracked about five feet above the surface of the ground, toppling on his newly-fixed station wagon and partially on the roof of his home.

One of the branches of his tree crashed through the windshield of

the car and went through the floorboard. The tree also knocked down power lines between his house and the neighboring homes.

Brown said Saturday that, despite the damage, the car still runs.

A POWER OUTAGE also occurred at the Granite City Police Station, 23rd Street and Madison Avenue, and neighboring buildings when a power line at Niedringhaus Avenue and Iowa Street was struck by lightning at about 6:20 p.m.

Police logs show reports of flooding in a dip on Maryville Road and electrical problems with traffic signal lights on Nameoki Road.

Police reached Illinois Power at 6:37 p.m. about the power outages. The phones lines had been tied up with calls from other residents suffering electrical problems due to the storm.

CRUNCH. Fortunately for the Quad-City area, this Chevrolet station wagon suffered the only major damage here from the thunderstorm Friday night. Unfortunately for Earl Brown of 1325 Edwardsville Road, this automobile belongs to him. Brown said he had just finished fixing the car when, a bolt of lightning hit the tree in his back yard, sending the tree crashing down onto his car and part of his home's roof. Precautions urged for solar eclipse

By PATRICK FOLEY of the Press-Record

An annular eclipse of the sun will occur Wednesday morning with a partial phase visible from this area. The eclipse will reach its maximum here at approximately 11:21 a.m. CDT.

The moon will begin its pass across the solar disk about two hours earlier and will start to move away from the sun just after the maximum coverage, with the sun again

being totally visible about two hours later.

THOSE WHO plan to view the eclipse are being urged to take the proper precautions to do so safely.

NEVER LOOK AT THE SUN WITHOUT PROPER PROTECTION!

The annular eclipse is not a total eclipse, as the moon will be seen silhouetted against the sun, surrounded by a bright ring. During a (Continued on Page 6)

Shrine Parade nears

Shrine Circus fever hit the region as the first of the Shrine parades in the area marched through Olney last night. "Circus" and "Summer Fun" are the themes for the 1984 Alnad Shrine Parade scheduled for Monday, June 4, at 7:30 p.m. in Granite City. Gene Morris, potentate of Alnad Shrine, announced today.

Decorated floats, performing motorized units and other organizations will be included in the big parade. Of a workforce of 5,532,000, total unemployment was 527,000 persons, the statistics show. Sid Stroheide will serve as float (Continued on Page 8)

THE PARADE entries will assemble at Niedringhaus Avenue and State Street and begin its route at 7:30 p.m., traveling east to Madison Avenue, then north on Madison Avenue to the 3000 block, then turn west to disband on the parking lot of Granite City High School, Ashcraft explained.

Circus performances are scheduled for Tuesday, Wednesday, Thursday, June 5, 6 and 7, starting each evening 7:30 at Tri-City Speedway, on Route 293 (Nameoki Road) south of Interstate 270.

Activities, gifts by Disabled Veterans

Andrew Gitchoff, commander of Chapter 53, Disabled American Veterans, conducted a monthly business session at the organization's hall, last week.

He advised the membership that no new information has been received concerning legislation for the benefit of disabled veterans.

A letter was read by Larry Lockhart from Sidney M. Ford, Medical Center Director of the VA Medical Center in St. Louis, thanking the DAV, the DAV Auxiliary and the Senior Citizens Rythms Band for their performance at the annual Salute to Hospitalized Veterans at John Cochran VAD in February.

He also read a letter from David V. Hardwick, the director of the Department of Veterans Affairs in Illinois, announcing his appointment of Howard "Hack" Wilson to the post of Superintendent of Veterans Day at the Illinois State Fair. Jerome Irwin, the previous superintendent died recently. He reported that Charles Ouseley and John Hanks are both recuperating at home following their release from the hospital.

Joe Heffery reported no gain in membership since the last meeting, but the chapter has 410 members at this time.

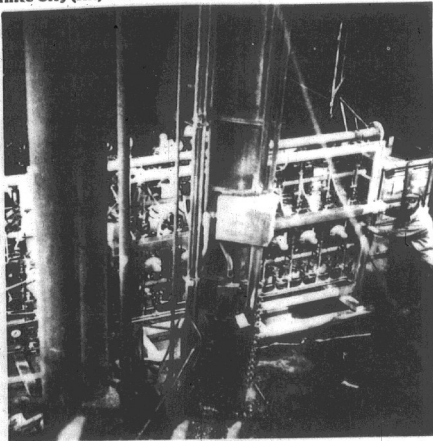

James Miller was given a vote of thanks for his repair work on the flag pole and for replacing the old flag.

Donations were approved for the Salvation Army, Junior Achievement, Project Help (food for the unemployed), Jaycees show fund and the Children's People.

Bob Kennerly prepared and served lunch at this meeting.

WARRANT IS SERVED

While serving a court order in a matter relating to a civil case on Howard E. Kirby Jr., 38, of 3708 Nameki Road, last week, the officer learned that a warrant alleging failure to appear in court on some parking violations was active. Kirby was arrested on the warrant and was released after posting a \$102 cash bond.

CONSTRUCTION CONTINUES on the new LBE (Lance Bubbling Equilibrium) system in the Basic Oxygen Furnace Department at Granite City Steel. Construction pipeline controls being mounted on a new platform for the system. During the next vessel relining of a BOF, possibly in mid-August, the LBE is to be installed. It will blow argon through the molten iron from the bottom, stirring the metal and improving yield and quality. It also will aid in the ability to produce extra-low-carbon steels.

Annexation bill passes House

House Bill 1591, which would prohibit co-extensive city-townships, such as Granite City and Granite City Township, from annexing portions of adjacent townships, passed the Illinois House of Representatives last week on a vote of 87 to 21.

Walter "Dick" Sparks, Chouteau Township Supervisor who has fought hard for passage of the legislation, was in Springfield during the deliberations and the vote.

"I am very happy. It now goes to the Senate and it looks like we might be able to keep it going this year and get it passed," Sparks said this morning.

He added, "I would particularly like to thank State Reps. Sam Wolf and Monroe Flynn and former Rep. Joe Lucio for their support and work on this matter. Also Sen. Sam Vadalabene for all his work."

Sparks is among those complaining that his township is being "chewed up piece by piece" under the current state law which allows co-extensive city-townships to automatically expand their township boundaries when the city annexes property under the new legislation, Chouteau Township property annexed into Granite City would still remain in Chouteau Township instead of automatically becoming part of Granite City Township.

KC, neighbors to discuss zoning

By SUSAN SIGNAIGO-WEICH of the Press-Record

An attack directed at Granite City School District's followed a deferral of city council action on the rezoning of the former Johnson School.

The Johnson facility, 4225 Old Alton Road, currently zoned R-2 (single family residential), was purchased from the school district earlier this year by the Knights of Columbus Council 1098 for \$387,000. The "fraternity is attempting to rezone the property to C-3 (commercial service district).

"HOW CAN THE school district be selling property without thinking of the zoning requirements?" asked Seventh Ward Alderman Michael Modrusic. "These properties should be sold contingent to zoning. They (the school board members) are putting (the council members) in a predicament here."

Alderman Sam Whitmer agreed. "They (school district officials) just want their \$— money," he contended.

Problems concerning the rezoning of the property surfaced last week when 29 residents who live in the Norwood Subdivision told Plan Commission members of their displeasure with the Knights' plans. ROBERT SCHROEDER of 1405 Norwood Drive, spoke to council members on behalf of the residents. "We want to leave it (the Johnson School neighborhood) a residential area," he said. "We have nothing against the Knights of Columbus, but we don't want a liquor establishment out there. The roads are not built for heavy traffic and they don't have any sidewalks. This could cause a dust problem and it also has a drainage question connected with construction on the facility."

Gracie White, another resident of Norwood Drive, said he had attended the Plan Commission meeting last week. "We presented them with a petition of residents who were against this (the rezoning) and they just ignored it," he said. "The Knights didn't come and talk to the residents beforehand on this thing. I guess somebody told them they could get the zoning without any problems. If this zoning passes, there's going to be a lot of traffic in the area and we're strictly against it."

"THE COUNCIL also listened to a statement by Mike Deruntz, grand knight of the Knights of Columbus. 'As you're aware, the Knights of Columbus Council 1098 is interested in expanding,' he said. 'Our present facility at 21st Street and Edison Avenue does not serve our purpose.'"

DeRuntz said the fraternal organization has "full intentions" of conforming with the city ordinances and that they pledged to be "good neighbors to the residents. We realize there is somewhat of a problem with access (to and from the facility), but we are willing to work with the council and the residents."

Alderman Paul Fisk asked DeRuntz why the Knights did not talk to the residents before they entered into the agreement with the school board.

DERUNTZ said that his council had talked with school board officials and several aldermen before they signed the contract.

Alderman Jake Varadani, Fifth Ward, said he wanted to go on record as saying that he was not one of the aldermen contacted concerning this issue. "I want to make it quite clear," he said, "I don't want things to seem shady."

Fisk and Alderman Woody Moad noted that neither of them was contacted.

ALDERMAN LLOYD Bailey said

residents in his ward are having the same problem with the sale of the former Washington School, West 20th Street. "There's a man out there working on the roof and he doesn't have a permit," he said. "A woman I talked to at the building wouldn't even tell me who she was working for."

Alderman Paul Ray Bowler said he has problems with Mike Deruntz representing the Knights of Columbus, since DeRuntz is employed in the city engineering department and is connected with the Plan Commission. "If it was the consent of the people to do this, that's fine," he said. "But I don't think the Knights are going to be able to resolve the traffic and liquor questions. If this goes to a vote, I vote no."

Fourth Ward Alderman Phillip Miller said he is one of the aldermen that the Knights had spoken to. "I told them (the Knights) they had better do their homework before they purchased this facility — that I didn't know how the council would vote. But I think the Knights have shown some good faith because they have outlined a plan to help drainage and are willing to talk about the liquor license."

MILLER SUGGESTED that the residents and the Knights of Columbus meet next Thursday, May 31, at 7 p.m. to see if they can resolve some of the difficulties. The meeting will be in the Mayor's Conference Room, City Hall, 2000 Edison Ave.

The meeting was arranged and the matter was referred back to the planning and zoning committee. After the meeting, Norwood residents said they are not confident that any of the traffic, drainage or liquor problems can be resolved at the Thursday meeting. "There is no way we'll be able to come to an agreement," predicted Schroeder. "They railroaded this thing through at the Plan Commission and they railroaded it through tonight," he contended.

SCHROEDER SAID he had talked to Miller, one of his aldermen, and Miller had told him that the issue would not be discussed Tuesday night. "He told us that this zoning issue would not be talked about, but if we had not shown up to voice our opinion, it may have been passed."

Another Norwood resident said that she feels the zoning would be denied Tuesday night if it put to a vote, but her alderman (Miller) postponed the vote by suggesting that the residents meet with the Knights to discuss the problems. "We had enough people (aldermen) against it (the zoning) tonight, to defeat it, if our own alderman hadn't been against us," she contended.

MILLER WAS NOT available for comment after the meeting. The zoning issue was not listed on the council agenda.

George Brimm, a Granite City resident who is moving to the Norwood Subdivision, said he thinks it is a conflict of interest that some of the council members and Plan Commission members are members of the Knights of Columbus. "I'm not implying the aldermen (who are Knights) are crooked, but if it was me, my head might feel for the residents, but my heart would still be with the Knights of Columbus," he said.

Questioned about the allegation, DeRuntz said he did not feel it is a conflict of interest for him to represent the Knights while working for the city. "If anything, it's advantageous because I know what the zoning requirements are," he said. "This way, the Knights will be able to comply with them."

DERUNTZ SAID that one of the Plan Commission members is a member of the Knights of Columbus, Jim Holland, although he is not now active. He said there are several council members who are also members of the fraternity. These members include: Alderman Carl Kettel (who was absent from Tuesday's meeting), Modrusic, Stephen Saltich and Mayor Paul Schuler (who also was absent from the meeting).

DeRuntz said he thinks some of the problems expressed by the residents can be worked out. He said the fact that the Knights did not consult with the residents before purchasing the property was "probably an oversight on our part."

Salaries of six set by education board

Salaries of six transferred administrators were decided upon by the Granite City Board of Education last week.

Yearly pay was set at \$40,500 for Warren D. Collins, new Webster Elementary School principal who will be assigned added 1984-85 duties by Supt. B.J. Davis; \$40,000 for James L. Damsel, as director of vocational and career education; \$37,000 for William Richard Brinkhoff, as director of instructional services.

Also, \$34,830 for Monte L. Kessler, as director of data processing; \$33,830 for James J. Jeffries, as assistant director of data processing; and \$29,533 for Nancy D. Marti, as principal of Prather Elementary School.

Their 1983-84 assignments have been: Collins, administrative assistant for elementary education; Damsel, administrative assistant for secondary education; Brinkhoff, Prather principal; Kessler, computer programmer; Jeffries, Webster principal; and Miss Marti, Coolidge Junior High assistant principal.

The salary motion carried 5-1, with President David Partney abstaining.

Monroe Worthen said he opposed the reorganization that was approved by a board majority in March but would vote for the salary list. Also voting affirmatively were Dewey Melton, acting president, and Treasurer Kelly Hogan, Mrs. Ruth Lahr and Alan Carr.

Dissenting was Secretary Tom Miosky, who opposed the reorganization as currently projected.

The 1983-84 administrative organizational chart is not yet complete and will be considered soon.

Gunman stops worker unloading RR cars

Kevin Rushe, 21, of Bellevue, was underneath a train car during the weekend working a vibrator which helps to unload the cars, when a man wearing a nylon hose mask walked up, pointed a .38-caliber revolver and told him to stop unloading the train.

Rushe, a truck driver, was in a railroad siding at the Kreider Trucking Co., loading lot in Madison when the bizarre incident occurred.

The gunman was black, about 6 feet tall and weighed between 175 and 180 pounds. He was wearing a dirty white T-shirt and khaki pants.

After the man pointed the revolver at him, Rushe said he was told to stop unloading any more train cars as he was getting dust from the cars on the gunman's auto.

The assailant then left in a vehicle toward another part of the yards, the trucker said.

A Madison officer explained a certain amount of dust or "fly ash" is emitted during the unloading process.

STORAGE TRAILER DAMAGED

Equipment valued at \$3,000 was stolen and much damage was done to M.H. Wolfe & Co. storage trailers parked at 24th and Center streets, authorities were told Thursday. Trailers were broken at 12 trailers in recent months, copper air lines were removed from two, the back door was stolen from one trailer and another trailer was defaced with paint.

GARAGE BURGLARY

In a garage burglary at the home of Harry Rodgers, 9 Briarcliff Drive, it was reported last week a 40-channel CB radio and base worth \$200 and a metal tool box containing assorted hand tools were stolen. A rear door of the garage was pried open with a tire tool to get in, said.

GRILL TAKEN FROM PATIO

A gas grill valued at more than \$100 was stolen Thursday afternoon from the patio of Gloria Skubish, 4010 Maryland Manor. In an unrelated theft, \$194 in cash was taken from the auto or home of Jerry Braswell, 1427 Grand Ave., he reported Thursday.

New cable TV manager promises better service

Lon Carruth, newly-named general manager of South-Western Cable T. V. Ltd., told Granite City Council members last week that a "major overhaul" of the company's service department should provide Granite City viewers with better reception and repairs of cable breakdowns.

Carruth, who was making his introduction to the council, told council members he is willing to further the company's service to the community. "We're currently working to increase the amount of signal to the Granite City area," he said. "I can't guarantee that all of the problems will be straightened out overnight, but we're trying to resolve the difficulty."

Alderman Paul Ray Bowler said that his major concern with the service breakdowns is that many people rely on the television for news concerning severe weather. He said if the cable service breaks down many people cannot get this information.

"We can't control acts of God, but we are conducting a major overhaul of our service," said Carruth. "If there is a service call in the future, we will answer it within 24 hours and get the problem fixed," he said.

Alderman Sam Whitmer told Carruth that the city has suffered "strained relations" with the cable company in the past. "A lot of these strained relations were caused by insincerity and outright falsehoods," Whitmer contended. "As long as you play fair, we won't have any problems."

Carruth said he intends to be fair. "In the next few months, I hope you'll see some concrete evidence of the action we are taking," he said.

Six men hired in street department

Members of the Granite City Council approved a motion last week to hire six people in the city street department.

According to Alderman Michael Modrusic, chairman of the street and alley committee, the men will be hired as temporary employees and will retain that status for eight weeks. After the eight weeks, the men will be considered permanent and will remain employees for the duration of the sewer break repairs. The action to hire the employees came after an executive session of the street and alley committee.

CHARGED WITH BUYING ALCOHOL FOR 3 MINORS

Joseph J. Weisenberger, 22, of 39 Iris Ave., Pontoon Beach, has been booked for contributing to delinquency of minors. Pontoon Beach police Sgt. Harold Denham, on patrol one evening last week, noticed a youth stumbling along Lake Drive under the influence of alcohol. The youth was taken to his home, where the juvenile's parents entered the investigation of how this youth and three others, obtained alcohol.

Through a description, police arrested Weisenberger and alleged that he purchased a bottle of vodka for the youths, ages 13, 14, 15 and 16. Weisenberger was released with a notice to appear in court June 22.

Rhoads new Madison police commissioner

By PATHAY LUTZ
for the Press-Record

The appointment of former Madison fire chief Eldon Rhoads as Police Commissioner prompted a request for more blacks in city administration from Alderman Don Garrett. The only council member to oppose the appointment recommendation by Mayor Mike Sasyk, Garrett agreed that Rhoads is qualified for the position, but expressed concern over the lack of blacks in the police department.

Mayor Sasyk recommended Rhoads' appointment as police commissioner, saying, "He has made a lot of projects come true. I think he's deserving of the position and I think we should reward him for all of the fine work that he has done for the city."

Garrett did not dispute Mayor Sasyk's comments on Rhoads, saying, "He's a good man and everything that the mayor said

about him is true," but argued that a black person should have been considered for the position.

"There are no black police officers and I think that it is time for this administration to bring some blacks into some administrative functions, and I was hoping that the mayor would consider a black man for the position," Garrett stated. "I would like to see some more blacks brought into this administration, so I vote 'No,'" he concluded.

Rhoads will replace Andrew Economy as police commissioner. Economy recently was appointed to the council as an alderman.

In other business, Police Chief Donald Bridick reported that a 45 percent increase in crime during the month of April (compared to April 1983) was the result of an increase in thefts. According to Bridick, the thefts "are not of any serious

nature," and the statistics do not denote a "crime spree."

"There's no reason to be alarmed," Bridick said. "There's no crime wave or anything, regardless of people calling the press and telling them. We went from seven thefts in April 1983 to 16 in April 1984, and that's the reason for the increase. There's some crime committed that we just cannot stop and we're going to have that," he added.

The council also approved a recommendation for the cable TV committee to draft a proposal for advertising for bids to award a cable franchise and to sell the existing cable system. Explaining that the administration will look for someone to use the burglar alarm system for the cable TV, Mayor Sasyk told the council that such a procedure would be financially beneficial for Madison.

"We're looking for a cable TV company to use our line and for us to be able to use our burglar alarm system," Sasyk said. "What we want is for a cable TV company to maintain the system for us so we don't have a maintenance charge."

The possibility of surplus commodities distribution for Venice Township residents to be conducted at Venice Recreation Center as well as in the present location, Englebert Hall in Madison, also was discussed. Council members also accepted low bids for the construction and materials involved in the municipal parking lot project.

Members were reminded that a Memorial Day service will be conducted by the AMVETS at 7 p.m. on May 30 at Seventh Street and Lee Avenue at the Memorial Center. The service will include an address by State Senator Sam Vadalabene.

Opposition to UE rate hike request

The Governor's Office of Consumer Services said last week it has filed petitions to appear at Illinois Commerce Commission (ICC) hearings in opposition to Union Electric Company's record electrical rate hike request of 59 percent. Portions of the Quad-City area are served by Union Electric.

"East St. Louis area consumers are shocked over Union Electric's proposed rate hike and are concerned that Missouri customers are being insulated from the full cost of Union Electric's Calloway nuclear construction program," said Alvin Grandys, director of GOCs.

"Given the opportunity for local and Springfield hearings, intervenors intend to highlight jurisdictional differences which unfairly burden Union Electric's East St. Louis-area customers," he said.

Applications, filed on behalf of Metro-East Senior Service Association and Operation Turn-On, maintain that low- and moderate-income senior citizens and others on fixed incomes in the Metro-East area would be unduly burdened by Union Electric's request to include Calloway Unit 1 in its rate base.

Metro-East Senior Service Association, Operation Turn-On and GOCs, along with a number of other community, civic organizations and public officials, will be working as a coalition to protect the vital interests of consumers in the Metro-East area.

City seeking bids on cable TV

A recommendation to the Madison City Council was formulated by the Madison Cable TV Commission at last week's meeting. The recommendation concerned advertising for bids to provide a cable TV system for the city of Madison.

A written request for proposals outlining the city's requirements will be prepared by Mike Macek, commission security supervisor.

The commission further recommends that the city retain ownership of its existing cable alarm equipment and that it be operated in conjunction with the cable TV system, thus making the cable company liable for all maintenance. The intended proposal will request that the city receive revenues from the security system while a prospective cable TV company receives revenues from the cable system. The city will have exclusive rights to both systems.

Preliminary proposals from Dovidson Cable Company, Metro-East Cable Company and Southwestern Cable were not acted upon, pending issue of the written request.

Questions remaining for consideration by the commission include the City's right to censorship of programming and primary rights

to buy back the franchise at the termination of the contract period.

Expressing his concern for more public interest, Mayor Mike Sasyk stated, "I'd like to see some more

people out to these meetings, they condemn and criticize but haven't got the nerve to come out and speak their minds. We need to know what they want and don't want."

Seatbelt, mandates, car insurance bills in House

By SAM W. WOLF
State Representative

It is sometimes difficult to determine, after a week in Springfield, whether we are ahead or behind.

I believe that this week's action will receive mixed reviews from Downstate legislators, as well as their constituents.

AUTO PASSENGERS should begin to "buckle up," as legislation squeaked through the House this week, making the wearing of seatbelts mandatory.

Opponents of the measure claim that the mandatory seatbelt law intrudes on individuals' rights. Proponents of the measure claim that the seatbelt law will save 500 lives in Illinois, while reducing auto insurance costs.

Frankly, I believe that individuals who currently wear seatbelts will continue to do so, and those who do not will not change their habits due to this legislation. The bill now goes to the Senate for hearing.

DURING THE WEEK, I reviewed the proposal put forward to eliminate and consolidate commissions in state government. Over the past few years, the number of commissions have increased, along with the state dollars needed to fund these commissions.

There is no doubt that many commissions provide a good service to both the legislature and the people of Illinois. Other commissions, however, have proliferated around very narrow interests and the providing of contractual jobs.

The proposal, which consolidates all legislative commissions and eliminates substantive commissions, will allow a price review, reallocate responsibility to the legislative committees and save taxpayers a few well-earned dollars.

ONE OF THE GROWING complaints over the past few years has been from local governments over the administration of the State Mandates Act.

Local governments throughout the state have voiced their concern over past and current fiscal problems. They are experiencing due to the frequent practice of exempting provisions of the State Mandates Act on various proposals before the Illinois General Assembly.

In particular, school districts and county boards have been adversely affected by laws passed requiring certain activities, without any reimbursement from the state.

THE HOUSE has instituted a policy, through Speaker Michael Madigan, which creates a new relationship between state and local government.

The policy will require bills to be held until requested State Mandates Notes are filed; provide all local government associations with a list of legislation pending where the State Mandates Act has been cited; and discourage amendments providing exemptions from the Mandates Act.

This is a positive step for local governmental entities and, with their input, I believe we can create a more responsible fiscal relationship.

MANDATORY auto insurance — an issue which has been raised several times before — will be heard on third reading.

Amendments placed on the mandatory insurance bill this week would require all car owners to receive a proof of insurance card from the secretary of state.

Failure to provide liability insurance coverage could result in loss of driver's license. I would be interested in hearing citizens' reactions to the mandatory insurance proposal.

LEGISLATION was defeated Thursday which would allow all 102 county assessors to make separate

decisions on tax-exempt status. The Taxpayers Federation of Illinois vehemently opposed this legislation, noting that the inequities on a county by county basis have already resulted in the tax multiplier.

Without a Board of Review standard in property tax exemptions, the Federation believes, certain counties would be forced to raise their property taxes to equalize school districts.

The Farm Bureau has stated for years that part of the problem with property taxes is the failure of assessors to assess at the 33 and one-third percent level in some counties. In addition, the continued county by county inequities will only increase the problems of school funding.

THESE ARE ONLY a few of the most important issues we addressed in one week's work in Springfield.

Next is the final week to address House bills and we will soon start to work on Senate bills for final passage.

As always, I solicit comments and thoughts on any legislation pending before us in the coming weeks of this legislative session.

CYCLE FALLS, LEG BROKEN

Robin Yarbrough, 31, E. Carondelet, Ill., suffered a leg fracture at 12:15 a.m. Friday while a passenger on the northbound motorcycle of David Inman, 24, St. Louis. As the cycle turned right from Madison Avenue onto 20th Street, it skidded onto its right side. Yarbrough was taken by ambulance to St. Elizabeth Medical Center.

BOAT MOTOR, ITEMS TAKEN

A bass boat in the yard of Claude Pryor, 2808 Madison Ave., was looted Thursday of a 400-horsepower outboard motor, a large tackle box and its contents, totaling \$300, and a \$250 stainless steel propeller.

French heritage days June 2-3

Rendezvous — the traditional rough and tumble reunion of 18th Century French traders and trappers — will come alive for visitors to the 15th annual Fort de Chartres Rendezvous, June 2-3 at Fort de Chartres State Historic Site, Prairie du Rocher, Randolph County, Ill. Rt. 155.

Several hundred buckskinners, traditional music and dance groups, three 18th Century military units, a score of craftspeople, and two life and drum corps will be among the nearly 1,200 Rendezvous participants. Activities will begin at 10 a.m. with a formal posting of colors and close at 5 p.m. with a retreat ceremony, both involving all participants.

Rendezvous pays homage to the French influence on the early history of Illinois. The French were the first Europeans to settle in Illinois and the French cultural influence is still evident in that section of southwestern Illinois known in the French Quarter.

French Marines and St. Ann's Militia will represent the French forces that built the fort, and the 42nd Royal Highlanders, also known as the Black Watch, will portray the British forces that held the fort from 1765 to 1772.

The military units' rich their uniforms and routines for historical accuracy, and are constantly making changes as new information comes to light. For authenticity, what people see at the Fort de Chartres Rendezvous probably exceeds anything they would see in a movie or on television, an Illinois Conservation Department spokesman says.

The military units will perform a narrated tactical demonstration and the French Marines will demonstrate the firing of the fort's cannon hourly.

Within the fort walls, skills to be demonstrated will include pottery making, spinning and weaving, natural dyeing, wool processing, scrimshaw, making baskets with split oak and maple, dulcimer making, wheat weaving, barrel making, schenenschitte (the art of cutting paper silhouettes), cordwaining (making mugs and other vessels from leather), leather working, tin-smithing, wine making, treenware (wooden spoons, scoops and bowls), blacksmithing, lace making, gunsmithing, candle making, rope making, Indian bead and quill work, pewterware casting and a great wheel wood lathe.

Costumed vendors will offer ham and bean soup, fried fish, corn on the cob, fried potatoes and croquettes, a fried French pastry. Also within the fort's walls, women of French descent from Prairie du Rocher will demonstrate baking in outdoor adobe ovens and offer French breads for sale.

After the new officers took the oath of office the presentation of the past presiding officer jewels was conducted.

Entertainment for the evening was provided by The Looking Glass Road Show, directed by Shirley A. Schaefer of Lebanon, Ill.

The Scottish Rite is one of the two appendant bodies of Freemasonry in which a master mason may proceed after he has completed the three degrees of Blue Lodge Masonry.

Scottish Rite work amplifies and elaborates on the lessons of Blue Lodge degrees. As with Freemasonry, Scottish Rite is not a religion, and it is non-denominational, although it does require a belief in a Supreme being.

A master mason may achieve 29 degrees, the fourth through 32, in the Scottish Rite. A 33rd Degree is bestowed on men who have given outstanding service to Freemasonry or to their communities. The Scottish Rite, sometimes called the "College of Freemasonry," uses extensive drama and allegory to emphasize the messages of its degrees.

After the ceremonial it was announced Scottish Rite night will be observed at Busch stadium for members, family and friends on Saturday, June 16.

Prior to the game the Valley of Southern Illinois will be recognized with home plate ceremonies and Fred Bird of the St. Louis Cardinals will be at the cathedral for autographs and entertaining.

The deadline for purchase of tickets will be June 8, it was noted.

YMCA liberalizes Nautilus funding

The Tri-Cities Area YMCA Board of Directors has liberalized the payment plan for persons wishing to join the YMCA for a lifetime membership in the proposed Nautilus Center.

Lifetime memberships are being given in return for \$1,000 contributions. The offer also includes lifetime full-privilege memberships to the YMCA for only a small annual maintenance charge.

Previously, the \$1,000 donation was required in advance of being

given the Nautilus membership. By action of the board of directors Monday, persons wishing to join the Nautilus and YMCA for life may pay \$400 down by June 15 and \$100 per month from July through December. A \$25 maintenance fee will be imposed on Sept. 1.

A low-interest financing plan also is available for those wishing to join. Fourteen persons already have joined the program and the Nautilus will be ordered when membership pledges are sufficient to pay for the

equipment.

Additional details are available by calling the YMCA at 876-7200.

Venice man is charged

Ricky Salmond, 25, of 123 Grenzer Homes, Venice, was charged Thursday with three counts of unlawful use of a weapon, after a series of events where he allegedly displayed a gun and held two people against their will.

In the first incident, A.C. Ware Jr., of 1128 Douglas Ave., Venice, said he and three friends were sitting in his car at 6:55 p.m. Wednesday near the new Venice Senior Center on Klein Street when Salmond approached him.

Ware told police Salmond said he wanted to talk to him and see his children. He said Salmond and his sister currently are undergoing divorce proceedings. Salmond told Ware to get into his car and Ware obliged. Ware said Salmond was pointing a high-powered rifle with a scope on it at him.

Ware said after he got into Salmond's car, they drove to get some beer and then continued to East St. Louis, where Salmond's car ran out

of gas. After going to get gas, the two men drove to a house where a friend of Salmond lives. The friend was not at home, so Salmond parked his car there.

The two men then hitchhiked, with both getting into different cars. Ware said he was picked up by another one of his brother-in-laws.

At 11:45 p.m. Loretta Derett, 19, of Venice, and a friend were walking along the 1200 block of Calhoun Ave. when Salmond grabbed her and allegedly held his rifle to her. He then made her walk around Venice until they came to his residence in Grenzer Homes.

Miss Derett told police Salmond wanted her to open the door to his home, but she told him she wouldn't. She then began to struggle with Salmond and got away.

Witnesses to the event said Miss Derett ran down the street yelling for help and screaming that Salmond was trying hurt her.

Salmond dropped his gun and

began to chase Miss Derett. When he caught her, he allegedly cut her with his utility knife and left the scene.

Miss Derett was treated at St. Elizabeth Medical Center for a seven-inch cut on her forearm and a cut on her head.

Madison police were summoned and observed Salmond near the scene, totting a rifle in his left hand.

When Salmond saw police, he allegedly crouched down behind a car, then began running towards Collinsville Avenue.

When he reached Collinsville Avenue, he headed south into an empty field, according to official reports. Police then began a foot chase with the subject. When he neared Race Street, officials said that Salmond stopped running and dropped his rifle.

Venice police arrived and placed him under arrest. Salmond was transported to Madison County Jail Friday.

News notes

By a 63-46 vote, the Illinois House last week sent to the Senate a bill allowing any case filed properly under federal law to be tried in any Illinois county. It is seen as an effort to counter Illinois Supreme Court attempts to discourage scheduling of major non-local trials in Madison and St. Clair counties.

A libel suit by Madison County State's Attorney Don Weber and his wife against Amiel Cueto, a St. Clair County lawyer, will be tried outside the Madison-St. Clair counties area, Jersey County Associate Judge Thomas Russell ruled last week.

Nevada Gov. Richard Bryan on Thursday revoked his order extraditing Gregory Homyer, 32, to Madison County. Homyer was released Saturday after 39 days in jail. The former local sheriff deputy's lawyer had appealed to the governor to reconsider in line with Las Vegas judge's criticism of an Illinois indictment for unlawful restraint (for taking his daughter, four, to Nevada). District Judge James Brennan last week asked the Madison County state's attorney to consider withdrawing the charge against Homyer, on the basis that he would not have a fair chance to assert custody rights here while under indictment.

The Illinois Senate has killed its version of a bill requiring Madison-St. Clair counties auto emission testing but can still act on the House version if representatives pass it this week. An effort is being made to exempt eastern areas of the two counties.

The U.S. Department of Health and Human Services has awarded administration of Madison County Head Start pre-school instruction in 1984-85 to the Family Service and Visiting Nurse Association, SIUE, look over the program from the defunct Madison County Economic Opportunity Commission this winter but does not desire to continue as the administering agency after 1983-84.

Granite City municipal employees are being offered an opportunity this week to become part of a patriotic and worthwhile payroll savings plan, according to Joe Miklovic, city comptroller. Workers are being informed this week about a U.S. Savings Bond plan, as part of the St. Louis Regional Campaign. Miklovic says this type of savings plan is not only good for the employees, but good for the government as well.

The program was under the direction of Mrs. Patricia Michaeloff, vocal music teacher. The piano accompanists were Mrs. Patricia Michaeloff and Mrs. Mary Kaye Rogers.

Arson suspected in house fire

Arson is suspected in a fire that caused \$10,000 worth of damage at 2021 Dewey Ave. The fire occurred at 12:05 a.m. Saturday.

According to Granite City fire officials, an arson investigating team was called to the scene. Officials have determined that the fire started in a stairway by the back hall.

Tony and Bonita Ray, who were

out of town at the time of the fire, are the owners of the one and one-half story frame house. Fire damage to the house was estimated at \$9,000 and damage to the contents of the home was about \$1,000.

Granite City firemen fought the blaze more than two hours. Police are investigating a claim by a witness who saw a white Trans-Am or Camaro with black rear window louvers speeding away from the house. Police noted that there were fresh skid marks behind the home.

\$279,770 budget is adopted by village

By DONNA KIMBRO
of the Press-Record

The Pontoon Beach Village Board last week approved budget appropriations for the fiscal year 1984-85 in the amount of \$279,770. The budget includes a 10 percent pay raise for village employees.

A general fund administration breakdown lists: bonding at \$300; legal, \$6,000; per diem (board), \$7,000; expenses (board), \$7,400; zoning, \$2,600; ambulance, \$1,000; publications, \$500; general expenses, \$500; building principle, \$9,200; building interest, \$5,300; and miscellaneous expenses, \$8,000, totaling \$49,800.

POLICE DEPARTMENT budget: salaries and taxes, \$159,500; workmen's compensation and unemployment, \$11,500; bonding, \$270; telephone, \$3,200; electric, gas, trash, sewer, water, \$3,500; supplies, \$2,500; insurance (health, life, etc.), \$24,500; clothing allotment, \$600; miscellaneous expense, \$9,000; auto expense (gas, maintenance, radio) \$9,300; street lighting, \$6,000, for total of \$228,370.

Federal Revenue sharing: treasurer, \$3,000; office expense, \$250; health officer, \$1,200; building inspector, \$1,200; bonding, \$310; street lighting, \$5,000; police radio, \$1,500; police auto expense, \$3,500; and audit, \$2,000, for a total of \$15,960.

Trustee Loren Madison was named by the trustees to serve as president pro tem in the absence of Paul Bennett, and conducted the business meeting.

THE TRUSTEES approved a motion to retain Stein and Associates to examine the financial statements of the village for the fiscal year at a cost of \$1,500.

They also approved issuing a business license to Jerry Unger of Jerry's Amusement Co. of Belleville to install six video machines and four pinball machines at Johnny's Funland with fees of \$640.

Village Clerk Mary Warren read an informational letter on a planning and zoning seminar to be conducted in Steamboat Springs, Colo., June 11 to 13 and announced that Bennett has requested the board approve sending Ben McMillon, village engineer, to the event and pay for the registration fee of \$195 and housing costing \$165.

IN LINE WITH the current policy to update all zoning in Pontoon Beach, the trustees granted approval for McMillon to attend the seminar, with the stipulation that he provide his own transportation.

Also, Trustee Keith Biggs requested that Mrs. Warren investigate the statement in the brochure that the village can be reimbursed for the costs incurred for

the trip from the Veterans' Service Office, since McMillon is a veteran and is there for educational purposes.

Approval was given for a variance to Village Ordinance Chapter 24 to Timberlake Manor, to construct a 30-foot-wide street, with no parking, and a 50-foot right-of-way.

IN CONJUNCTION with a meeting held during the weekend with corporate officers of Timberlake Development, McMillon announced the village received payment of preliminary fees and all parties involved understand now what the village requires in relation to building permits, and other requirements. He recommended allowing Timberlake to proceed with the project.

"I recommend the issuance of permits, with bond to be forthcoming within 30 days...so they can proceed while there is good weather," McMillon said. After his statement, the board gave its approval.

Rovena Leonard, secretary-treasurer for Timberlake, Inc., extended appreciation to the trustees and officials of the village for meeting with the corporation officers to help resolve problems connected with the building program.

IN OTHER BUSINESS, McMillon addressed the board and noted he talked with the fire chief of Long Lake Fire Department to set up an inspection team with his people and the village to inspect mobile home parks in the area to correct some "bad" situations concerning public safety.

"In some mobile home parks, there are definite problems with wiring and plumbing, as well as some debris around the parks and, according to the village codes, there should be two inspections each year," McMillon explained.

On the positive side, he noted, "There is one mobile home park on Division Street where the owner is in the process of installing curbs and sidewalks."

At the request of Bennett, the trustees discussed adding McMillon to the village insurance plan to cover hospitalization, life insurance disability and dental care. Mrs. Warren explained that the package plan with Prudential Insurance Co. is for 10 people and, at the present time, there are only nine listed. All trustees apparently approved the suggestion until Trustee Glen Wilson questioned if this would set a precedent, since the village has other appointed employees. Mrs. Warren explained that to qualify for the plan, an employee must work at least 30 hours a week and cost for one person is \$97.32 per month.

Since there was a question on the recommendation, the board members agreed to table the sugges-

tion until more information can be obtained to the eligibility of all concerned.

AT THE CLOSE of the meeting, a resident of the village asked that board meetings be opened with all repeating the Pledge of Allegiance, since the American flag and the Illinois State flag are posted at each end of the conference table.

No action was taken on the suggestion.

9 charges against 3 after auto rams vehicle

Jeffrey Scott Lucas, 18, of 1718 Delmar Ave. pleaded innocent Thursday afternoon before Circuit Judge George Moran Jr., who approved releasing him on a recognizance bond.

Lucas was named in five charges—including reckless driving, leaving a crash scene and no ely auto license—after the auto of John David Shearlock, 21, of 2541 Cleveland Blvd. was rammed twice by a car at about midnight that morning on 21st Street at Washington Avenue. The Lucas vehicle was found later at 18th and State streets with right front damage and its radiator broken.

Lucas and Norman Ray Lucas, 19, also of 1718 Delmar, and Donald L. Dermott, 20, of 1628 Delmar each was booked on two assault charges. Complainants were Shearlock and a passenger, Donald G. Hill, 20, of 2000 Lindell Blvd.

Norman Lucas pleaded innocent Thursday afternoon and his bond was set at \$3,000 by Judge Moran. Dermott was freed at 1:45 a.m. Thursday on \$204 bail.

It was alleged that one vehicle had chased the other much of the evening, starting at 5 o'clock, with threats voiced and clubs flourished by occupants of the Lucas auto.

IFT letter drive urges school funds

Margaret Blackshere, assistant to the Illinois Federation of Teachers president for political activities, announced last week that the IFT executive board has designated May 15 to June 8 for an intensive letter-writing campaign.

Prospects for the coming school year are worse than just gloomy," said Mrs. Blackshere. "From all parts of the state, we hear of crisis situations, with school boards making drastic cuts in programs and teaching personnel in efforts to reduce budget deficits."

In Oak Lawn-Hometown, District 123; Burbank, District 111, and Orland Park, District 135, art, music, nursing and neighborhood schools programs are being dropped because of lack of funds.

In Chicago, the board has announced dropping of vocational education because of lack of funds. Waukegan schools face severe cutbacks, as do many school districts across the state. Art, music, vocational education and many extra-curricular programs are being eliminated because of budget economies," she asserted.

Members of IFT locals and councils across the state are being urged to participate in the drive to send thousands of letters, postcards or mailgrams to legislators within their districts—urging support for school funding legislation.

Mrs. Blackshere said the final phase of IFT's legislative action program to secure increased funding for Illinois schools will be an IFT "lobby day" tentatively scheduled for June 19.

On that day, several hundred IFT members from districts throughout Illinois will converge on Springfield to confront legislators with "the urgent necessity of additional funds for the state's public schools," she related.

Charged with cutting tires of parked cars

Steven W. Prince, 25, of 3801 Lake Drive, Pontoon Beach, was charged with two counts of automotive criminal damage, related to the tires of two parked vehicles. He pleaded innocent Thursday afternoon before Circuit Judge George Moran Jr., who set bond at \$5,000.

Two tires were cut and flattened on a 1981 limousine driven by Richard H. Bule of Florissant and there was similar damage to a near-by 1984 auto driven by Jonathan Finch of St. Louis. Total loss was estimated at \$600.

Police confiscated a knife with a four-inch-long blade. The tire-puncturing took place at 11 p.m. Wednesday on the parking lot of Charlie's Restaurant.

Forty minutes later, police halted Prince's southbound motorcycle at 30th Street and Madison Avenue. They charged him with operating it while under the influence of alcohol and also with operating a motorcycle with an improper muffler.

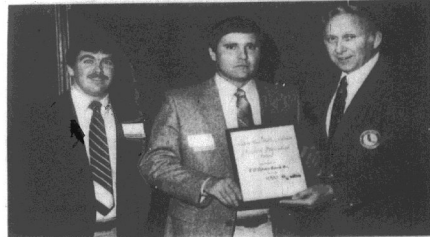

ARREST FOUR IN VEHICLE

Contributing to minors' delinquency was alleged as police booked Jeffrey Smith, 18, Rural Route One, and Russell D. Pierson, 20, of 2808 Kirkpatrick Homes at 2:45 a.m. Thursday. They were released pending hearings. Two girls, aged 15 and 14, were charged with curfew violation and were released Thursday to a church agency. Police had halted a southbound car occupied by the four on Nameoki Road at Lindell Blvd. after failing to see license plates and noting that one headlight was not operating.

DAMAGE TO VEHICLE

Ronald Buechele of 1312 Oriole St., Venice, told police at 2:30 a.m. Sunday, that his car had been damaged while he was away from his home. Damage included a broken passenger window, and a bent right windshield wiper and radio antenna.

RANDALL HILL, son of Mr. and Mrs. Melvin Hill of Granite City, has been promoted by Pfizer Pharmaceutical Co. for generating sales in excess of \$1 million in 1983. Hill now resides in San Antonio, Tex. He is married to the former Wanda Harris and they have a son, Brock, age 6.

Adamitis awarded scholarship

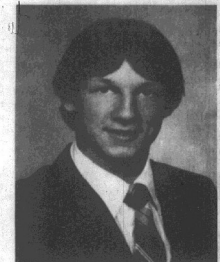

Thomas John Adamitis, a 1984 graduate of Granite City High School, has received a \$750 scholarship from the Shelter Insurance Foundation. The award is sponsored and partially funded by local Shelter Agent Cheryl Crawford.

Adamitis may apply the award toward tuition, fees, room and board or for any course of study leading to an academic degree at any accredited college or university.

He was chosen on the basis of scholastic achievement, participation and leadership in school and community activities, citizenship and moral character. Adamitis was chosen by a committee of school officials and community business and professional leaders.

Mrs. Crawford presented a certificate from the Shelter Insurance Foundation to Adamitis last week. Payment of the \$750 will be made directly to the school Adamitis selects.

Four charged in drug-related incident

Three Granite City youths were charged at 11:59 p.m. Saturday with possession of a controlled substance, the delinquency of a minor and being a minor in possession of alcohol after Granite City police observed

the subjects to be in an apparently intoxicated condition behind Nameoki School. A 14-year-old girl was charged with unlawful possession of cannabis and being a minor in possession of alcohol.

Charged were Anthony A. Wicker, 18, of 2300 Paul Drive, Jerry K. Jordan, 18, of 2105 Miracle Ave., John R. Jackson, 20, of 444 Wabash Ave., and the 14-year-old girl.

Police observed eight opened bottles of beer and three plastic bags of a greenish-brown vegetable substance at the scene.

The 14-year-old was released on a notice to appear before juvenile authorities.

FIND LOADED GUN IN PURSE

A .22-caliber pistol loaded with three rounds was confiscated by police from the purse of a girl, 14 years old, at St. Clair Avenue and Maryville Road last week. Charged with unlawful use of a weapon, she was released to her parents with instructions to return for a court hearing.

Madison memorial service Wednesday

State Senator Sam Vadala will give the principle address at the traditional Memorial Day services at 7 p.m. Wednesday, May 30, at the Madison Memorial Center, Seventh Street and Lee Avenue.

The program will be sponsored by Madison Amvets Post 204 and the public is invited to attend.

Refreshments will be served inside the Memorial Center, starting at 6:30 p.m. Wednesday, according to Hank Lopez, program coordinator.

Veterans, other distinguished guests and area residents will assemble at 7 o'clock at the memorial on the center's lawn, where the colors will be posted by representatives of Amvets Post 204, the Quad-City Detachment of the Marine Corps League and Explorer Post 10-4.

All those present will be asked to join in singing the National Anthem and reciting the Pledge of Allegiance.

Madison Mayor Mike Sasyk will welcome the guests and the invocation will be given by the Rev. Frank Kordek of St. Mary Roman Catholic Church.

Army Captain Ronald Saylor of the St. Louis Area Support Center, Granite City Army Installation, will offer opening remarks, preceding Sen. Vadala's speech.

"In Flanders' Fields" will be the topic of a talk by the Rev. Charlotte H. Zachary of the First Presbyterian Church of Madison.

Amvets 204 Post Commander Vasil Gravelle and Amvets Auxiliary President Pat Hartman will place the wreaths at the memorial, with "America's Answer" provided by Capt. Saylor.

The program will conclude with Madison High School singing special lyrics to "Taps," and Rev. Zachary offering the benediction.

Weber awaits ruling on dismissal request

Judge Heward Lee White may rule Thursday on motions to dismiss the official misconduct charges against State's Attorney Don W. Weber.

The Collinsville prosecutor is accused of trying to improperly use a county grand jury to aid his reelection prospects. He is the Republican nominee, opposed Nov. 6 by Dennis White, a local attorney.

However, the jury did not act on later complaints by Keith Jensen.

The assistant prosecutor said Weber wanted him to take a regular grand jury's assessment-related indictments for a day prior to the March primary or a day the probe of Weber was scheduled to resume.

NOTING THAT Jensen was named by a judge to handle the assessment investigation, Weber has accused his former aide of trying to

become "the first non-elected state's attorney."

The assessment study now is in the hands of a special prosecutor, Bruce Locher. Jensen had been given the special prosecution task March 28, the day after he quit as assistant prosecutor in anger over alleged political pressure.

At a hearing Friday in Edwardsville, the judge took under advisement arguments by both sides. He is a circuit judge from Jersey County.

DONALD GROSHONG, defending Weber, said that Weber is nothing but a legal and also argued that the indictments cited no specific wrongful act.

Addressing the specially designated judge, special prosecutor Paul Verticchio urged that Weber be required to stand trial for allegedly abusing the office to which he was elected in 1980.

Groshong contended the indictments do not say what law was violated. Verticchio appeared to agree but said misconduct statutes do not require that indictments mention a particular offense.

A KEY POINT to be resolved by the judge—or by a jury—is whether Weber, who has no criminal record, is guilty of a crime.

Groshong argued that had Weber not asked Jensen to seek indictments, the prosecutor would have done a violation of both his authority and duty.

Verticchio said the timing sought by Weber could be construed as an effort to gain personal advantage.

Macios resigns from ambulance department

David Macios, a member of the Granite City Ambulance Department, submitted his resignation to members of the city council last week. Macios, who has been with the department three years, has resigned to start his own business.

"Macios' resignation will be effective Thursday, May 31," said Macios in his letter, adding, "I would like to thank you all for giving me this opportunity."

SUBJECTS ATTEMPT TO BREAK IN VENICE HOME

A 16-year-old girl told Venice police Wednesday night that someone tried to break into her home while she was watching television. She said someone knocked on the door and she refused to let the person in.

A few minutes later, a second subject began breaking out the glass on her back door. She said when she attempted to call police, she could not get a dial tone, so she ran out the front door to her neighbor's home. Police noted that the telephone lines had been cut.

for Associate Judge Edward C. Ferguson to study transcripts of motions argued in Weber's case, stating that the contention of innocence is the same in both cases.

"They argue specifically that what's been alleged in the Weber case is not against the law, but then come into Mehelic's case and say that it is against the law," Wallis said.

ALONG WITH asking Judge Ferguson to consider dismissing charges against Mehelic, Wallis asked

ed him to appoint a special prosecutor because a jury might be "confused" by the similar charges against both men, thereby affecting their ability to give Mehelic a fair trial.

Judge Ferguson has said that he cannot appoint the appointment of a special prosecutor if the charges are not dropped.

Mehelic's trial was supposed to begin last Monday, but is pending until Judge Ferguson rules on the motions.

East St. Louis Senior Wins Title

Home run proves fatal to Warriors in playoff

By AL BARNES
for the Press-Record

GRANITE CITY — Mother Nature played a decisive role Monday afternoon at the Granite City High varsity diamond as the East St. Louis Senior High Flyers edged Coach Bob Stegmeyer's Warriors 6-4 to capture the Collinsville Regional championship.

The game was played under blustery and bone-chilling conditions, more common in early March than late May, with winds gusting up to 35 miles per hour.

WITH THE score tied 4-4 in the fourth inning, Warriors' sophomore hurler Mark Bowen was locked in a bitter duel with Flyers' right-handed ace Steve Hill. But the Flyers' clean-up hitter, third baseman Mark Adams, clobbered a one-strike pitch over the centerfield fence to drive in lead-off man Nakita Malone and put the Flyers' on top for good.

Adams' blow normally would have been a routine catch for Granite City centerfielder Tom Adamitis, but the gale wind blowing out toward center seemed to carry the ball over the fence.

The win was Hill's seventh victory in nine outings. He struck out seven Granite City batters, fanning the side in the sixth.

BOTH HILL and Bowen gave up seven hits. But Bowen racked up one more strike out, eight.

Three of Granite City's hits were doubles off the bats of Adamitis, Steve Davis and Greg Ehlers. Davis and Ehlers are underclassmen and should play major roles in Granite City's 1985 season. Davis not only looks good at bat, but is sharp with his glove at first base.

The loss ended the Granite City season and dropped the team to a 15-18 record.

IN FIRST-ROUND action Saturday in the regional, Granite City rallied to slip by gallant Lincoln High of East St. Louis, 4-3. The Flyers, meanwhile, easily defeated the Collinsville Kahoks, 6-2.

Granite City faced a uphill battle Saturday. The Warriors fell behind when Lincoln erupted for three runs in the second frame.

Granite City, the visiting team, had grabbed a one-run lead in the top of the second inning. Hard-hitting first baseman Steve Davis tripled and catcher Jim Mouldin sacrificed him home with a deep smash toward right.

THE WARRIORS cut the deficit to 3-2 in the third frame, thanks to two Lincoln errors. Adamitis put down a beautiful bunt to score Randy Thurman, who had reached base on an error by Tigers' third baseman Cedric Baker.

Two innings later, Thurman led off the inning with a single down the first base line. On the next pitch, Thurman stole second. He later

scored the tying run when a pick-off throw went wild.

Tied at 3-3 in the top half of the seventh, Thurman continued in his hero's role by tripling to right field. He then scored the go-ahead run when Adamitis hit a double.

Granite City senior hurler Sam Tate gained the victory, his fourth. He fanned just two, but also walked only two.

Dave McGee of Lincoln struck out one in the losing attempt. Lincoln finished its season at 12-11.

OUT STEALING. Warrior Steve Davis is tagged out by Darin Woodhouse as he attempts to steal third base Saturday against East St. Louis Lincoln in the first round game of the Collinsville Regional. Although unsuccessful in his theft attempt, Davis contributed to Granite City's effort with a triple earlier in the game and came around to score the Warriors' first run. The Warriors went on to win the game 4-3, but were eliminated from regional play Monday as they dropped a 6-4 decision to East St. Louis Senior.

Breaks School Record In Class A Finals

Leonard finishes second statewide in hurdles

By CHARLIE SKAER
of the Press-Record

CHARLESTON — A season of sacrifices paid off with a second place finish for Madison's George Leonard in the 300-meter low hurdles at the Class A State Track Meet held Saturday at Charleston.

Leonard, the lone Trojan to qualify for Saturday's finals, breezed through the hurdles in 38.15 seconds, setting a new school record. Finishing his senior year with improved speed, Leonard broke the school record in his last three races — starting with a 38.7 time in the Red Bud Sectional last Saturday and followed by a 38.45 time in Friday's preliminaries.

"I'm mad in a way because I'm getting better and better, but it's too late," said Leonard, who graduated Friday and ended his running career

Saturday.

WHILE VING for the top spot, Leonard faltered on his second-to-last hurdle.

"My right foot came down sideways," explained Leonard. "It got twisted and really threw me off."

Phil Steinmetz, a junior from Christopher, took advantage of Leonard's misfortune and clearly claimed first place in 37.32 seconds. Leonard nipped senior Doug Ely of Amboy for third.

"I'm pretty happy," admitted a modest Leonard. "But coming in first would have made me really happy."

COACH CHARLIE Steptoe praised Leonard's performance, saying his season-long dedication proved worthwhile. Steptoe noted, for example, that Leonard was Madison's lone

runner to show up for a meet May 5 — the day after the school's prom.

"George worked hard all year," said Steptoe. "We're all very proud of him. He deserved to get in the finals."

According to Steptoe, Leonard was encouraged by his parents.

"His family supported him, they came to all of his meets," said Steptoe. "I told his father I wish I could have him another year."

LEONARD said all individuals are faced with choices — and temptations.

"A couple of weeks ago I had to decide whether or not to go to Senior Night at Six Flags," said Leonard. "I knew it didn't get over until four in the morning, plus the time it took to drive back to Madison. We had a track meet the next morning, so I decided I couldn't go (to Six Flags)."

"Some of the other guys went (to Six Flags) and showed up for the meet the next day. They might have been there physically, but they sure weren't there mentally."

Leonard's sacrifices were no different during the state track meet. He was the anchor man for the team's 400-relay team, also composed of junior Rouzell Porter, senior Leroy Latham and sophomore Terence Hicks. Steptoe substituted Hicks for senior Shawn Brown, who was bothered by a hamstring injury and as senior class president wanted to give a speech at Madison's graduation Friday night. The team finished 17th with a time of 44.81.

BY RUNNING in the preliminaries of the low hurdles at 5:25 Friday afternoon, Leonard ran the risk of missing his high school graduation scheduled for 7:30. The senior showed his desire to get home quickly, speeding for a first-place finish in his heat.

Madison assistant coach George Tyus then whisked Leonard and Latham back to Madison for their graduation.

"We were about 25 minutes late," said Leonard. "We made it for a little of the ceremony, but it was worth it."

Saturday meant another drive back to Eastern Illinois University for the finals. Leonard made the return trip worthwhile.

"I WAS the only one running for Madison, so I really wanted to win," said Leonard. "First place sure would have been nice. But I guess second in state is pretty good, too."

After the race, Leonard said that because of graduation he'll be giving up his track shoes to look for a full-time job.

But Leonard's speed won't likely fade. If his dedication to his future employer is anything like his dedication to track, Leonard will likely be moving up the ladder of success as quickly as he cleared those low hurdles.

Granite City's 'Gang of Four' guides Spanky's to 18-8 win

By AL BARNES
of the Press-Record

EDWARDSVILLE — Granite City's "Gang of Four" — Jack Scarborough, Rick Daily, Tom Greco and Danny Patterson — combined their

bats to power the 7-Up-Spanky's team to a 18-8 victory Thursday night over the Highland-Pierron Merchants.

In the season opener for new manager Bill Stolte, the 7-Up-Spanky's team was powered by 11 runs from the Granite City foursome.

The slick-fielding and hard-hitting Greco was at his best at bat. He went three for three, driving in three runs and scoring three times. Greco was so powerful that Merchants' manager J.R. Potthast decided not to pitch to Greco twice, walking him instead.

SCARBOROUGH, who has played in every game since the team was organized as the Civics seven years ago, scored three times as he went two for five and drove in two runs.

Daily managed only one hit, a double, but was on base four times and scored four runs.

Patterson, the young star of the Southeast Missouri State University team, was hit by a pitch during his first time up. He scored on Scarborough's clutch hit in the winners' big six-run second inning.

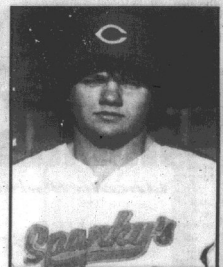

Roger Hill, a 7-Up-Spanky's newcomer from Delta State (Mississippi), registered an impressive debut by doubling and singling to drive in a run.

EDWARDSVILLE native Vince Broderick, started on the mound for the winners and was relieved in the sixth when a sure double-play grounder was misplayed. Coach Stolte then got a chance to see two of his pitching hopefuls perform under game conditions.

Dan Buck, the first reliever, was less than steady. But another left-

DANNY PATTERSON

hander, Steve Weiss, went to the mound in the seventh and looked great, retiring nine hitters with only one hit charged against him.

The season opener appeared to be a nice warm-up for the 7-Up-Spanky's defense of their championship in the annual Memorial Day Weekend tournament at Maryville College. But rain, in flood proportions, wiped out the four-day tournament. The tournament will not be rescheduled.

WEDNESDAY the 7-Up-Spanky's team will travel to Mascoutah, while on Thursday they'll be back at Hoppe Park in Edwardsville for a contest against an always tough Valmeyer team. Both games get under way at 7:30.

The team will then travel to Cape Girardeau for a Friday night double-header against the Capahaws.

Robertson Takes Ninth In 3200-Meter Graves finishes sixth in Class AA high jump

By CHARLIE SKAER
of the Press-Record

CHARLESTON — Granite City's Eric Graves and Jim Robertson had one thing in common after Saturday's Class AA State Track Finals at Charleston — both said they were disappointed.

Graves, who finished sixth in the high jump with a 6-foot 6-inch mark, said he should have been able to clear the winning mark of 6-foot 8-inches. He had performed the feat several times this season, including a week earlier at the Belleville East Sectional.

Robertson, on the other hand, ran the best time of his career in the 3200-meter race Saturday — a 9:15.23. But he expressed disappointment about finishing ninth overall, being edged out of a medal given to each of the top eight finishers.

Considering the fierce competition at Saturday's event, perhaps the two representatives from Granite City seemed equally as fierce with their self-evaluations.

Graves missed on his first two jumps at 6-foot 8-inches. The Granite City junior erroneously hesitated on his third and final attempt, running too close to the bar. A nearby official ruled that he broke the plane of the bar and therefore was ineligible for another jump.

"I felt wrong from the beginning," said Graves, explaining his last attempt. "I got to the end step and it wasn't right, so I went off to the side."

GRAVES HAD one other miss, at 6-foot 6-inches. After clearing the height on his second attempt, he passed at 6-foot 7-inches.

"It hurts if you take too many jumps too quickly," said Graves, who set a new school high jump record of 6-foot 10-inches earlier in the year. Paul Wiechert of South Holland won Saturday's state championship with a 6-foot 8-inch jump.

Granite City assistant coach Dave Ames said he thought Graves needed to run faster.

"He's a power jumper," said Ames. "He needed that speed to give him the height to get over the bar."

GRAVES also finished 11th in the long jump with a mark of 22-feet 6½-inches. The jump was 6½-inches shy of qualifying him for the top eight in Saturday's finals.

"A lot of years, a jump of 22-6 would have put him in the finals," said Ames. "But this year it was different, with some guys jumping 24 and 25."

Tim Simon of Maywood Proviso East won the event with a 25-foot ¼-inch jump.

FOR ROBERTSON, Saturday's run met his goal of lowering his time to 9:15. But his performance in the 3200-meter run failed to meet his goal of finishing in the top eight.

Robertson was in sixth place in the first heat of the 3200-meter run before being passed in the final turn by two runners — Mark Oberle of Morton and area rival Tim Ryan of O'Fallon. Robertson seemed

especially irritated in losing to Ryan.

"He (Ryan) passed me with about 200 meters to go," Robertson complained after the race. "He won by about five yards."

Robertson worked his way up from 15th after the first lap to eighth after the fourth lap. His best position came after the sixth lap, when he moved up to fifth position. But the fast pace took its toll on the Granite City senior, as he dropped to eighth at the end of the race. Robertson was pushed to ninth place overall by David Jones of Springfield, who won the first heat in 9:12.14.

"WHEN THEY come around you, that's it," said Robertson about the final lap. "They've got the momentum every time."

Robertson, who will be attending Illinois State at Normal next year, said he expects to "improve like crazy."

"It's part maturing and it's part team work," he said. "Here (at Granite City) I've got nobody to compete with, while there (at Normal) they've got 10 guys who can run a flat (in the 3200)."

Robertson also made a promise for Ryan, who'll be attending Western Illinois University.

"Today is the last time he'll beat me," Robertson said.

RYAN, who lost to Robertson at the state cross-country meet last fall, said Saturday's win over Robertson was one way of getting

even.

"I know he's about ready to kill me," joked Ryan. "But it's just friendly competition. If you can go out there and do the best against your own time, that's what matters."

In Class AA team scoring, East St. Louis Lincoln walked off once again with the championship trophy. Lincoln collected 49 points, compared to 45 for Rock Island and 38 for Danville.

ELIMINATING EXPLANATION. With the high jump bar set at 6-foot 8-inches, Granite City's Eric Graves listens to an official explain his ruling of the Class AA State Track Meet held Saturday at Charleston. Although Graves did not jump on his last attempt, the official told Graves he ran too close to the bar and ruled it as his final jump. Graves finished sixth in the state with a 6-foot 6-inch jump.

Mike Wallace takes two victories at Tri-City races during weekend

By JOE SENTER
of the Press-Record

GRANITE CITY — Mike Wallace of Arnold, Mo., brought his new Chevy Cavalier Modified to the Tri-City Speedway on Saturday and took home victories in the 25-lap feature event and the heat race.

Wallace missed taking the trophy dash when he and Bo Smith got together on the front stretch, knocking Wallace out of the event.

In the feature event, Wallace started in sixth place and on lap five took the lead by passing Tom Utley in turn two. He went on to lap the field for the victory, with Utley taking second and Marty Smith claiming third.

MIKE WALL was second in the heat race and Utley followed in third. Utley won the modified dash, with Bo Smith in second and Null in third.

Paul Humphrey Sr. of Dupu won the sportsman's feature event, with Rick Carson coming in second and Joe Medlock in third. Paul Humphrey Jr. of Mitchell claimed victory in the sportsman's heat race, with Humphrey Sr. in second and Medlock in third.

Humphrey Jr. crashed in the

feature event, knocking the front suspension out of his Nova.

JIM MALEY won the street stock feature, with Butch Argus following in second and Charlie Morris in third. Mike Null Jr. won the street stock heat, with Morris claiming se-

cond and Steve Kukorola of Granite City in third.

Starting June 8, the Speedway will be holding races every Friday night instead of on Saturday evenings. Gates will open at 6 p.m. and racing will get underway at 7:30.

Quad-City women fare well in national billiard tourney

Two Quad-City women, Janet Dinedea of Granite City and Terrie Johnson of Madison, fared well in a national billiard tournament held in Las Vegas, Nev., May 17-19.

Held at the Imperial Palace, the two women finished in the 9-16 place bracket of the \$115,000 Old Milwaukee Light Team Cup National Pocket Billiards Championships. The women's actual places in the tournament were not determined because they lost in the quarterfinal round, which was not played off. They did, however as previously stated, finished at least 16th, but no better than ninth.

In addition to the two women, who

play at L.C. Lee's in Venice, a handful of other Quad-Cityans also competed in the preliminary and qualifying rounds of the tournament.

Among them are Bob DuBoise, who plays at Minnie's in Madison, Bob "California" Robbins, who plays at Spuddy's on Illinois Route 182, and Gordon "Grayson" Guy and Len Fowler, who both play at Lenny's in Granite City.

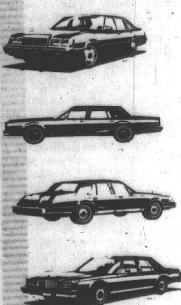

Lenny's, incidentally, hosted the Illinois qualifying round competition, before regional action took the local billiard shooters to Mac's Bar in St. Louis.

All tournament competition consisted of eight-ball.

For Lifetime Membership YMCA slates charter membership plan to fund additional fitness area

The Tri-City YMCA Board of Directors has recently made a decision to add a Nautilus workout area as part of the center's fitness program.

The strategy that has been developed for funding the project is a lifetime membership strategy, to 60 charter members only.

In essence, as a charter member of the Nautilus program at the YMCA, persons would donate \$1,000 to the YMCA for the project. The accumulated funds would be used for the Nautilus center capital improvements, which will include upgrading the men's and women's fitness locker rooms.

The YMCA Board of Directors guarantee a full refund of money should there be insufficient com-

mitments by June 1 to complete the project. No refunds, however, will be given except for insufficient commitment.

Charter members will receive a lifetime Tri-City YMCA Nautilus Center membership, and pay only a \$25 annual fee each September for their regular YMCA membership. Charter members will be exempt from paying the \$50 Nautilus initiation fee.

Those charter members will be recognized for their contributions by a special plaque which will be displayed in the YMCA. The deadline to sign up for the charter membership is June 1, or the first 60 charter members.

Persons seeking to become

Nautilus center charter members or wishing further information about the program should contact David L. Fenrite, YMCA executive director, at 876-7200.

Monday **SPORTS****Bethalto's Brazier Pitches No-Hitter****Warrior girls lose regional with 8-0 defeat**By PAULA WISE
of the Press-Record

BETHALTO — The Granite City Warrior girls' softball team ended their season with a loss Thursday as they fell prey to the Bethalto Eagles 8-0 in the second round of regional competition.

"Our girls played as well as they could possibly play," said Warrior coach Jim Davis. "We went out the way we wanted to."

Bethalto sophomore pitcher Rona Brazier allowed just four Warrior baserunners while pitching her

third no-hitter of the season and second against the Warriors.

"She's by far the best we've seen," said Davis. "We gave it our best shot, but she's just outstanding."

When the Warriors failed to capitalize when they did get runners on base, on two occasions, runners were stranded as Brazier struck out the remainder of the side.

Kathy Hutchings was hit by a pitch in the last inning and stole second, but two strikeouts ended the inning.

Cindy Minner walked in the second inning but was out attempting to steal.

The Warriors failed to have another runner reach base until the bottom of the sixth when Monica Fanning made it to first after the Bethalto catcher dropped the third strike.

Fanning went to second on another error by the catcher and became the only Granite City runner to reach third, forwarded by a sacrifice from Anne Puhse. Again, two strikeouts ended the inning for the Warriors.

VICKI SMITH was the last Warrior to reach base as she coaxed Brazier for a walk in the seventh. She advanced to second on a wild pitch but was stranded there.

Brazier ended the game with fifteen strikeouts, her second highest total on the season.

Despite giving up eight runs, Warrior starting pitcher Michelle Morgan allowed just six hits in her losing effort.

"Michelle did a good job. She has improved so much this year," said Coach Davis. "Next year if she con-

tinues to work she will be tough." Bethalto began their scoring in the second inning as they managed one run on one hit. They added two runs in both the third and sixth innings, followed by three more runs in the seventh.

The loss put the Warriors' record at 8-16. Rebounding from a 2-14 start, the Warriors won six of their last eight games.

"We knew we had played some of the best teams around and a lot of our early losses were to good teams," said Davis. "I'm really

pleased with the way we finished out this season."

Sports of all Sorts**Some SIUE founders forgotten**By AL BARNES
of the Press-Record

It was a great day for the future of sports at Southern Illinois University at Edwardsville on a rain-drenched Monday, May 7, at the Founders Day celebration which marked the dedication of the campus' new Sam M. Vadalabene Center for Health, Recreation and Physical Education. Or, as it now called the "multi-purpose gym."

In time, it could well be called the Senator Sam Gym. Vadalabene, make no mistake about it, was a "good friend" of the gym project and the university overall.

It was obvious that the planners of the dedication ceremony had a real problem when it came to recognizing not only those active in obtaining the gym but the university as well.

This realization came flooding over me as I stood, wet and somewhat bedraggled after walking from the parking lot in a rain drizzle and stood amidst in the dark along with a goodly sized crowd of notables, including Governor Jim Thompson as the ceremonies got under way.

As I looked around me and listened — I couldn't see those speaking — I realized that many who had played key roles in placing of SIUE at Edwardsville weren't going to be recognized and credited with the terrific job they'd done.

But, after the speeches were over, I still felt my anger welling up over the oversight of those people who had

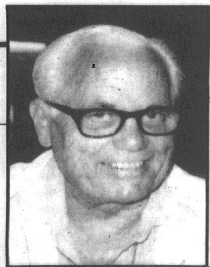

done so much to land the university at Edwardsville.

I realize, of course, that the main man responsible for there being a SIUE, Dr. Morris, has gone to his rewards. His wife, it must be said, was given a nod of recognition, as was the widow and children of the late John Rendleman who played an important role in locating the school in southwestern Illinois.

Next to Morris in location the school at Edwardsville were two other men: George Wilkins Sr., and Lloyd (Curly) Harris, both deceased.

Wilkins' son, Dr. George Jr., a M.D., on the SIUE board of trustees and a real "class guy," was given a part in the program. Harris for many years (30 or more) was Granite City's representative in the Illinois state legislature at Springfield. Without Harris' approval nothing got done in Springfield and his support for SIUE was all-out and crucial. It's a shame that his name was not at least included on the printed program.

At the back edge of the crowd, in his rain coat was one such overlooked man, Henry D. Karsendoff who, with his son, E.A., played key roles in the raising of the money needed to buy the land for the campus. Another former Granite City banker, Harold Fischer, was on hand but a close assessment of the printed program failed to show his name, even though he served for many years as a member of the SIU board of trustees.

But, the most glaring omission, to my mind, was that of the Press-Record's former owner and publisher, C.E. (Corky) Townsend, without a doubt the most devout and vigorous advocate for a well-rounded university in southwestern Illinois ever lived.

The pages of the Press-Record have always backed the school. And, knowing Townsend, I'm sure that much of his personal funds must have gone towards the successful landing of the school at Edwardsville.

In this regard, I've tried to check this out with Corky but couldn't. I'm sure that I'm right: Corky Townsend felt then, and perhaps still does, that he along with many citizens of this area were not only ill-treated but maybe misled when the promised local autonomy for the school at Edwardsville wasn't forthcoming.

I presently attended many, many meetings at which Dr. Morris and his staff promised local citizens that "your university will have its own identity in time."

It wasn't to be, but to me it was a shame that many key people were overlooked at the Founders' Day ceremony marking the opening of the multi purpose building.

registration is now open for his annual Junior Olympic Soccer Camp for boys and girls.

Two sessions are planned, and the first will be held at Parks College in Cahokia, June 17-22, and the second session will be held at the Missouri Baptist College June 15-20. The camps are open to boys 8 through 17 years of age, and girls 13 through 18 years of age.

Registration fee for the overnight camp is \$160 which includes meals, lodging, air-conditioned dormitories, instruction of fundamentals, and coaching of team tactics, insurance, and awarding of trophies.

Complete information may be obtained by writing to Guelker, Junior Olympic Soccer Camp, P.O. Box 9363, St. Louis, Missouri 63117.

Glavin, Clarke lead Billiken camp

Tony Glavin, of the St. Louis Steamers, and Joey Clarke, coach of Saint Louis University, will co-direct the Billiken Soccer Camp, June 10-15, on the campus of Saint Louis University.

The camp is an overnight camp for boys 14 and under.

For more information, write: Billiken Soccer Camp, 3672 West Pine Blvd., St. Louis, MO 63108, or call, 658-3186.

SportsBriefs**SFF announces clinics, sessions**

Soccer for Fun in conjunction with Bob Guelker, soccer coach at Southern Illinois at Edwardsville, will conduct a one-week indoor soccer clinic at the facility in July.

According to a release from SFF, Guelker will conduct the clinic July 9 to 13 from 10 a.m. until noon. The cost of the clinic is \$30.

The facility is also seeking women 21 years and older who are interested in participating in a Monday workout session from 9:30 to 11 a.m.

For July and August SFF will be running an indoor warm up session to help prepare teams for their outdoor fall session. They will be running a five-week session for youth groups that will be finished by August 15th so that they can report to their high school practices. Also, scheduled is an eight-week session for youth groups that will be finished by the end of August so that they can start practice with their outdoor teams.

This session will start right after the Fourth of July holiday. The fees will be \$150 for the five-week session and \$230 for the eight-week session.

The cut-off date will be Sunday, June 10. A completed application and a \$50 deposit is a must to have your team scheduled.

Also for July-August we will be running an eight week session for senior teams. The fees will be \$250.

The cut-off date will be Wednesday, June 13. A completed application and an \$80 deposit is a must to have your team scheduled.

In addition SFF will be running an August Shootout tournament. The tournament will start August 6th and will end before August 15th. The fee will be \$60 and you are guaranteed two games.

Persons seeking further information about any of the above should call Fred Johnson at Soccer for Fun, 797-0619.

GREEN LAWS
GO WITH EXPERIENCE...
WE'RE CELEBRATING OUR 27th YEAR...
America's Oldest Lawn Spray Company...

We know, as all agronomists know, that the secret to beautiful grass is properly scheduled applications of fertilizer, weed killers to control both grass types (crabgrass) and broadleaf (dandelions/chickweed) weeds and insecticide to control webworms, chinch bugs, etc.

Included in our spray program are applications of SLOW RELEASE NITROGEN THAT NEVER STOPS FEEDING as long as grass is growing and actually slows down it's feeding during periods of low rainfall when it's not needed. If your lawn isn't receiving applications of SLOW RELEASE NITROGEN you're not getting your money's worth.

... THE GREEN LAWS PLAN provides five sprays — early Spring, late Spring, Summer, late Summer, and Fall. It supplies fertilizers just when your lawn needs them. Five broadleaf weed sprays to control dandelion, chickweed, buckhorn, plantain, spurge... Those weeds that seem never to stop coming up from early Spring to late Fall. Crabgrass control in the Spring and insecticide applications in the Summer.

OUR PLAN INCLUDES GRUB CONTROL WITH OFTANOL, THE ONLY CHEMICAL THAT REALLY CONTROLS GRUB.

If some Fall weeds come up after our last weed killer is applied — **CALL US — We will apply a #6 Spray — FREE!**

OUR PROGRAM CONTINUES YEAR AFTER YEAR — REQUIRES NO CONTRACT AND PROVIDES FOR PAYMENT BY MAIL AFTER EACH APPLICATION FOR AS LONG AS YOU DESIRE AFTER THE FIRST 5 APPLICATIONS.

Dispute in Nameoki over the responsibility for drainage

By PATHAY LUTZ
for the Press-Record

Drainage problems continue to cause difficulties in Nameoki Township as a dispute over who should pay for the repair of four pumps in the Shirene Drive and Clinton Drive holding ponds and for the purchase of a spare pump threatens to lead to a lawsuit against the Nameoki Township Highway Department.

Nameoki trustees issued the threat during the regular meeting of the town board last week, where debate over who is responsible for the approximately \$7,000 cost of repairing four pumps currently being used to eliminate excess drainage in those holding ponds and the purchase of a new pump to be used in emergencies dominated the meeting. Highway Commissioner Frank Mehelic has refused to pay the bill because he argues that the cost for maintaining the pumps is not his responsibility.

Mehelic's attorney, H. Carl Runge Jr., informed trustees in a letter that he has advised Mehelic "to proceed in these areas with extreme caution and to be extremely careful in connection with the bills that may have been incurred in connection with the drainage." According to Runge,

Mehelic is responsible only for the construction and maintenance of the township's roads, and has merely attempted "to assist the township proper with the alleviating of drainage problems" by using highway department personnel and funds to work on the holding ponds.

"Mr. Mehelic and his crew have been happy and agree to assist the citizenry in their time of extreme

difficulty during this extremely wet spring, but somehow there has arisen some confusion as to the extent of his duties," Runge wrote. Indicating that board attorney Irvin C. Slate Jr. is investigating who has responsibility to pay for charges incurred during drainage work, trustees passed a resolution transferring \$3,250 from the contingencies fund into the \$4,000 in the

board of health fund to pay for the bills.

"These people have to be paid because they came out here in an emergency and fixed the pumps and let us have another one in good faith," Trustee W. Lee Adams said. Arguing that the holding ponds are Mehelic's responsibility, Adams said, "His (Mehelic's) predecessor maintained the holding ponds and Mehelic knew that they were his responsibility when he took office. He's been taking care of them for seven years and all of a sudden they are not his responsibility."

Township Supervisor Harry Briggs said that the bill would be paid out of township funds, but that

the highway department would be sued to recover the money if necessary. "To save the credibility of Nameoki Township, we will pay for it and go after the money from the highway commissioner," Briggs said.

In other business, Mehelic reported that a revised schedule for limb and trash pickup will be available by the end of this week. As part of the township's environmental cleanup program, limbs and large kitchen appliances are picked up on a regular basis by the highway department crew, and residents will be notified of the days that the crew will be around to pick up these items.

Supervisor Briggs also indicated that chemical spraying to eliminate mosquito problems will begin within two weeks.

Allege driver on RR tracks is DUI

In a court appearance last week, Craig S. Vizer, 28, of 1645 Spruce St., pleaded innocent to charges of driving under the influence of alcohol, two counts of criminal damage to property and driving while his license was revoked.

Bond was set at \$3,000 cash and he was transferred to the Madison County Jail at Edwardsville.

Vizer was arrested when his auto, traveling west on 16th Street, failed to follow the road, which turned north toward Niedringhaus Avenue and went along the tracks, reports said.

Two Terminal Railroad officers told local police they went to the scene after a railroad tower watchman alleged seeing a car driving along the tracks without headlights. Vizer reportedly was found in a 1971 Oldsmobile which had damaged a switch and was unable to move.

Officers learned a passenger in the vehicle had fled without identifying himself.

Initially, Vizer agreed to take a blood alcohol test, but allegedly declined when taken to St. Elizabeth Medical Center and was transferred to police headquarters and charged.

Q: A close friend is considering bankruptcy. My wife and I have tried to talk him out of such a drastic move, but our arguments are used up. Do you have any advice or alternatives?

A: We assume your friend is considering personal bankruptcy and, of course, not being aware of all the circumstances, it is difficult to offer advice. You are right in cautioning your friend that bankruptcy is a drastic move. Every possible solution should be sought before considering bankruptcy. He should begin by talking, personally, to his creditors to see if they will agree to a revised payment schedule of his debts. Often, when a situation is explained, something beneficial to both can be worked out. A visit with his banker might be a good first step for your friend, whether his bank is one of his creditors or not. Often, what is needed is sound financial advice, and a plan of action. Good faith, demonstrated by the desire to meet his obligations, really does go a long way.

Granite City BPW Club installs new officers

Mrs. Joyce Bennington was installed as the 1984-85 president of the Granite City Business and Professional Women's Club, with her corps of officers, in formal ceremonies held at the Holiday Inn in Edwardsville.

The dinner meeting was opened with a welcoming address by the retiring president, Rose Ezell who also made the introductions.

A professional of new officers was conducted with the past presidents serving as escorts to the new officers being installed.

Miss Annellen Smith, past president of the club and a past president of the Illinois BPW Federation, installed the newly elected officers with a unique ceremony using the gift of a key to each incoming officer.

After the ceremonial, Miss Smith spoke on the topic, "Focus on The Future."

In her acceptance speech, Mrs. Bennington expressed her desires and goals for the GC BPW Club during her year as president and noted

the theme for her year will be "Rainbow Year."

Entertainment for the remainder of the evening was provided by AmericA. Kachigian who performed a medley of songs accompanied at the piano by Jack Jenkins.

Illinois GOP women hold conference

The Illinois Federation of Republican Women held its Spring Conference in Collinsville, and included all of the Illinois Federation of Republican Women, under the direction of Regina Benson of Springfield, Ill., the state IFRW president.

During the business meetings, particular emphasis was given to this year's important election activities on the subject of issues, economics, and problems facing the electorate.

"Friday's luncheon forum featured state central committeemen and county Republican chairmen, J. D. Raden and Joe Hale, 21st and 22nd district chairmen, respectively, Dr. Ed Hagdale, Madison County chairman and Richard Dethrow, Randolph County chairman.

Featured speaker at the evening banquet was Randy Patchett, candidate for the 22nd congressional district.

The following day the GOP national committee presented a seminar on "Excellence '84" and the luncheon speaker was State Senator Frank Watson.

Those attending from Granite City was Janet Wilson and Vernice Walter, president and vice president of the local organization.

Madison, St. Clair and Randolph Counties clubs served as hostesses for the gathering.

Air Force couple parents of son

Airman and Mrs. Bryan Hartwick, 21 Ross Circle, Jacksonville, Ark., formerly of Granite City, have named their new son, David Michael.

The infant was born April 27 at Little Rock Air Force Base Hospital. He weighed seven pounds, 10 ounces, and has a sister, Jennifer, 13 months.

The mother will be remembered as the former Joan Krystopa, daughter of Mr. and Mrs. Joseph Krystopa of Granite City.

The paternal grandparents are Mr. and Mrs. Don Hartwick of Granite City.

Mrs. Victoria Krystopa of Fairmont City is the maternal great-grandmother and Mrs. Ben Hartwick and Mrs. Agnes West, all of Kennett, Mo., are the paternal great-grandparents.

The serviceman and his family presently are visiting here with their respective families.

Mr., Mrs. James Joyce announce third child

Mr. and Mrs. James Joyce, of Granite City, became the parents of their third child, a girl, born May 18, at Oliver C. Anderson Hospital in Maryville.

The new arrival weighed 7 pounds, 13 1/2 ounces, and has been named Tiffany Nicole. She has two sisters, Shelly Marie who is 7-years old, and Jamie Lynn, one year.

Grandparents are Mr. and Mrs. Earl Joyce of Granite City, and the late Mr. and Mrs. Dan Dine.

Croatian Lodge picnic planned for June 9-10

Croatian Home Lodge 222 of Madison, will host its second annual picnic on Saturday and Sunday, June 9 and 10, a spokesman for the organization announced this week.

The event is open to the public and will feature barbecue lamb, sausage

and pork steaks with other side dishes as well as a variety of Croatian pastries.

Music will be presented on both days by Vince's Internationals and the Plavi Dunav Orchestra of Mount Olive.

There also will be several booths set up for amusement and entertainment for both young and older guests.

A special feature will be furnished by The Happy Strings Tamburitza who are currently preparing to participate in the 17th annual Croatian Junior Cultural Federation Festival to be conducted this summer in Toronto, Canada.

Marshall picnic set Thursday, May 31

The annual school picnic for students of Marshall School will take place on Thursday, May 31, at Wilson Park, according to an announcement made at the final PTA meeting.

President Joan Stark presided at the session and presented gifts to Joan Beasley, Jana Boring and Carol Klug for their help during the year.

Principal Alfred Wilson then installed officers to serve for the ensuing year. They included, Mrs. Stark as president; Emil Klug, first vice president, Carol Klug, second vice president, Jana Boring, secretary, Cathy Byrd, hospitality; Tremaine Ford, programming; and Joan Beasley, RIF chairman. Wilson will serve as treasurer for the year.

After the business discussion the first grade students of Mrs. Elynn Mae Curtis and Mrs. Nancy Weber entertained by singing various songs led by Mrs. Mayme Schaefer, music teacher.

Also, a spokesman from the YM-CA spoke on the summer program and day camp project available to all residents and children in the area.

Farewell dinner fetes Mrs. Brown

A farewell dinner was held during the weekend at The Rascals Restaurant to honor Mrs. Rose Marie Brown who has resigned her position with Hospice of Madison County.

Mrs. Brown has been active with a group of people that are trained to care for the terminally ill.

After a humorous "roast" and the dinner hour entertainment was provided by Ruthie's Rag Time Gals.

Women of the Moose attend conference

Granite City Chapter 247, Women of the Moose, motored to Union, Mo., to attend the 39th annual spring conference held in the Diamond Inn Motel.

Deputy Grand Regent Dorothy Van Hoy of Independence, Mo., was the officer in charge of the sessions, and the official visitor introduced was Grand Chancellor Antoinette Marinello of Mooseheart, Ill.

The Missouri Academy of Friendship ceremony was conducted and Charlotte Brock of the Granite City chapter received her 38th anniversary of Friendship degree with 38 other candidates.

Other local members attending were College of Regent members, Edna Miller and Marian Lipscomb, chaplain, Pat Macke and recorder, Marilou Wilkinson.

There also were representatives from the Belleville and Edwardsville chapters.

The following week the local chapter held a regular business meeting and elected officers for the forthcoming year.

New members include, Mary Rayhell, sponsored by Frances Voyles, Deborah Downing, by Jean Taylor and Lois Hartline by Benetta Boyd.

Senior Regent Benetta Boyd presided at the session as a ballot was taken for new members, Josephine Jones, sponsored by Pam Thompson, and Doris Hitchcock by Sylvia Woods.

A Golden Ring Ceremony for the Academy of Friendship was conducted for Charlotte Brock with Sara Gusewelle serving as an aide and Verna Wilson as chairman.

Prizes were awarded to the evening included Carolyn Anders, Theola Garcia, Carolyn Hester, Mildred Votupal, Sue Singler, Mildred Walker, Mary Brock, and Verna Wilson.

Those elected for the 1984-85 year were, Carolyn Hester, senior regent; Pat Macke, junior regent; Benetta Boyd, junior graduate regent; Mildred Walker, chaplain; Lois Smith, treasurer; Marilou Wilkinson recorder.

After the meeting a luncheon was served by the hostess committee and games were played. Prizes went to Mary Rayhell, Deborah Downing, Jennie Bileau and Carolyn Hester.

Members also presented co-workers of the month, Edna Miller, Verna Wilson, Carolyn Anders, Sylvia Woods, Charlotte Brock and Sara Gusewelle.

The next meeting will convene on June 12, Mrs. Boyd announced.

The auxiliary for members of the aerie on June 13th, to which all aerie members are invited.

Mrs. Helen Frasier, vice president, Carol Hill, chaplain, Vincene Zerlan; and conductor, Linda Bone.

The members also balloted on the application for membership of Florence M. Stokes.

President, Gladys Freeman, opened the meeting, with conductor, Linda Bone, presenting the flag and the pledge of allegiance was recited by the members.

Chaplain Vincene Zerlan gave the opening prayer. Helen Frasier, secretary, reported that a "light bulb" was received from an attorney thinking they need one will incorporating all provisions. When a husband and wife put everything in one document and leave everything to each other, this is called a Joint and Mutual Will. Many attorneys would advise couples to have a separate will for the husband and wife because of inherent problems which could arise from a Joint and Mutual Will.

In the standard situation, the husband and wife provide that if he dies first everything will be left to the wife and if she dies first everything will be left to the husband. Many couples then provide that when the second one dies, if they should die simultaneously, all property will then be left to the children.

If a couple incorporates these provisions in a Joint and Mutual Will, some Illinois Courts have interpreted this as a contract between the parties which cannot later be broken by the surviving spouse.

Therefore, in the situation where the wife's first husband remarries, he could be prohibited from making a new will and leaving property to his new wife if he previously had a Joint and Mutual Will.

If the man and his first wife had previously each had their own will, this problem probably would not arise upon his remarriage since there never was a

Retirement party for Mrs. Briggs

A retirement party honoring Mrs. Elizabeth Briggs, a teacher at Parkview School, was hosted by Mrs. Lala Hanks at her home on Rural Route Six, Edwardsville, last week.

Arrangements of fresh, spring flowers centered the dining table for the 6:30 p.m. potluck dinner. Mrs. Cindy Hodges, daughter of the hostess, assisted with the party.

After the dinner hour, Mrs. Briggs was asked to relate some humorous events that she remembered during her teaching career.

Later Mrs. Hanks presented the honoree with a corsage and plaque and a small "play" gold watch. She also received other gifts. Fresh carnations were given to each one present as a favor for the evening.

Attending were Mesdames Mary Piper, Emma Rasch, Judy Lee, Lala Williams, Doris Huff, Annette Rump, Lois Winter, Fay Wallace, Emily Bone, Opal Compton, Marge Hall and Mary Marler.

Mrs. Hente entertains Preceptor Beta Gamma

Mrs. Barbara Hente entertained members of Preceptor Beta Gamma Chapter of Beta Sigma Phi Sorority, in her home, last week.

Betty Beck, vice president, presided and led all in the opening ritual, followed by reports submitted by Mrs. B. J. Jones, secretary, and Mrs. Carol Cathey, treasurer.

Mrs. Beck, also the social chairman, reviewed activities of a Mothers Day dinner party held at Charlie's Restaurant.

Prizes were awarded to Mrs. Alta Carpenter, the eldest mother, Mrs. Virginia Pritchard who had the most children and grandchildren, Gina Lane, the youngest guest, and Mrs. Laura Meyer, mother of the youngest child.

Others attending were Mrs. Beck, Marilou Lunkins, Carol Fossati, Mrs. Jones, Linda Koenig, Audrey Sperry, Carolyn Walsh, Agnes Krmovich, John Pritchard, Donna Lane, Carol Cathey and Barbara Merz.

Mrs. Koenig read the book of Beta Sigma Phi and Mrs. Hente, a nuclear medicine technologist, gave the program on "What You Should Know About Your Radiology Health." She explained tests should only be taken after a doctor's advice.

The next meeting will convene on June 12, Mrs. Boyd announced.

DEADLINE FOR ENTERING HISTORICAL STRUCTURES

Owners of historically, architecturally, or archaeologically significant sites or structures have until June 1 to submit a Preliminary Application form to the Department of Conservation for a federal grant to do historic preservation work.

The grant, for the 1985 federal fiscal year (Oct. 1, 1984 to Sept. 30, 1985), are available under the Historic Preservation Fund grants-in-aid program, administered in Illinois by the Conservation Department for the U.S. Department of the Interior.

To obtain Preliminary Application forms, interested persons may contact Steve Gonzalez, supervisor of DOE Grants and Grants Management unit, Department of Conservation, Bureau of Lands and Historic Sites, 524 S. Second St., Springfield, Ill. 62760.

To qualify for funding consideration, a site must be listed on the Interior Department's "National Register of Historic Sites" or on a list of sites and structures throughout the nation that have important historical, architectural or archaeological values.

The grants provide up to 50 percent reimbursement of costs for restoration, preservation or archaeological investigation work on listed sites, and up to 70 percent of survey and planning expenditures.

Under some circumstances, grants also may be available for site acquisition or expansion.

An historic preservation project already in progress when the preliminary application for grant funding is submitted will not be eligible for assistance.

Further information is available from Gonzalez at 1-217-782-3340.

Receiving the annual honor was Eric Rogers, son of Mr. and Mrs. Glen Rogers, 2520 Reverend Site, and Laura Rotter, daughter of Mr. and Mrs. Bill Rotter, 2134 Johnson Road. Both students will attend Granite City High School in the fall.

The award and certificate is given for distinguished achievement for courage, honor, leadership, scholarship and service.

Circuit overseer to hold services tonight

Donald Gill, spokesman for the local congregation of Jehovah's Witnesses, has announced that Carl A. Volmer, Circuit Overseer for Illinois Circuit #7 and his wife will be visiting the Granite City congregation May 29 through June 3.

During his visit, Mr. Volmer will endeavor to meet as many in our locality as possible. He and his wife will be making a special effort to arrange for free home Bible studies for anyone interested in studying the Bible.

During his stay Volmer will conduct a Bible discussion titled: "Continue In The Things That You Learned," based on 1 Timothy 3:14 on Thursday evening, and will be giving a public talk entitled: "God's Purpose For Earth and Man," Sunday, June 3, at 9:30 a.m.

Gill said the Theocratic Ministry School and service meeting will be held next Tuesday at 7:30 p.m.

The public is invited to attend all of the meetings held this week at the Kingdom Hall, located at 2822 Palmer Ave.

Friendly Agers meeting attracts 42 members

Mrs. Minda Duggins, president of the Friendly Agers Senior Citizen Club, welcomed 42 members, a visitor and one new member at its May meeting held in the Second Baptist Church hall, last week.

Art Hoffman gave the opening prayer and Henry Hall led the group in singing several songs. The Hallelujah Choir of the church also sang a special song for the session.

Officers reports were submitted for approval and six get well cards were sent to members.

Readings were given by Dorothy Barnes, Mrs. Duggins, Earl and Gerrie Spaulding, and the Rev. Carl Watkins gave a devotional lesson taken from the Gospel of St. John, Chapter 10. He also offered the table blessing for the noon potluck luncheon.

Games were directed by Mrs. Ruby Mayberry.

By DEBORAH WILLIAMS, St. Elizabeth Medical Center

In today's economic times, people are continually looking for ways to reduce spending - especially medical costs.

The Maternity Guaranteed Rate Program, a pre-paid delivery package available through St. Elizabeth's Medical Center, "provides individuals with an access to better health care, while at the same time lowering costs," said Sister Mary Thomas, S.E.M.C. president.

"After the birth of a baby, parents have more to do than worry about paying a large medical bill. The Maternity Guaranteed Rate Program not only provides expecting parents with advanced knowledge regarding this financial liability, but also a means of paying delivery costs before the baby's arrival."

Before a patient is eligible for this program, two conditions must be met:

1.-The attending physician must certify that the patient will have an uncomplicated vaginal delivery.

2.-The guaranteed rate must be paid in full prior to delivery.

When a decision has been made, the attending physician will give the patient a letter explaining the Maternity Guaranteed Rate Program and a pre-admission form.

The patient must then contact Patient Accounting and make formal application for the program. Once this department has been notified, it will request official verification from the attending physician as to the physical well-being of the patient and medical prediction of an anticipated normal delivery.

"After a patient has been deemed eligible for this program," said Sister Mary Thomas, "she is assigned a monthly fee which is to be paid

77 Coolidge students earn Presidential Fitness Award

National standardized testing in physical education classes has been completed at Coolidge Junior High and 77 students have earned recognition.

The six categories tested are sit-ups, flexed-arm hang or pull-ups, standing long jump, shuttle run, 50-yard dash and the one-mile run.

Nationwide norms have been established for the various age groups and are used in determining the student's percentile score. If a student scores 75 percent or better in all categories, recognition in the form of a Granite City local certificate is awarded. Scores of 85 percent or better in all the areas tested earns the student a Presidential Fitness Emblem and a certificate on which is the signature of the president of the United States.

Physical Fitness Medals are earned by the students receiving the highest overall percentile scores in the six events. Medal winners for 1984 at Coolidge Junior High were Angela Collins and Mike Asis, seventh grade, and Becky Whitehead and Rich Witt, eighth grade.

Names and number of years each student has earned this recognition follow:

Fourth year: Brett Broadwater, Julie Gabel, Herb Heaton, Suzanne Houston, Jason Jakowski, Melinda Knowland, Cheryl Lewis, Vicki

Locondra, Melissa McAmish, Jessica Moser, Melinda Pucker, Lessa Shemonia, Terry Stanley, Lori Swigert, Steve Terzowski, Tammy Westbrook, Becky Whitehead and Rich Witt.

Third year: Michelle Ashby, Mike Asis, Angela Collins, Aaron Colp, Chris DuBoise, Chad Carpenter, Jeff Ellsworth, Debbie Farrell, Laura Feilers, Rick Fowler, Darrel Justice, Darrell Kestle, Scott Kennerly, Helen Toncoff, Catherine Stevenson, Dolores Yates, Evelyn Glotzk.

Second year: Randy Chapman, Cindy Clements, Rich Dawes, Mary Flanagan, Kim Green, Kevin Johnson, Lizbeth Lyons, Mike Taylor, Michelle Tillman, Dana Wilson and David Zukas.

First year: Shannon Gauen, David Hunt, Cindy Ingraham, James King, Mike Meon, John Stroehmer and Vicki Vaughn.

Granite City awards: Krista Angle, Rachel Chastain, Wendy Crane, Mike Dawson, Craig Dippel, Vince Freese, Tracey Gaudette, Sherrie Gramlich, Jeff Grode, Stacie Hewitt, Tom Hillgoss, Judy Hoffman, Terri Holgrave, Jason Johnson, Matt Krevovich, James Martin, Kirk Mills, Scott Narup, Gary Nichols, Brett Rideout, Charles Spas, Eric Vargo and Richard Wyde.

Child delivery charges can be paid in advance

throughout her pregnancy. By the time the baby arrives, all basic hospital delivery charges should be paid.

"Compared to other delivery packages, the Maternity Guaranteed Rate Program is 30 percent less than a conventional maternity plan," she noted.

After the birth, the patient will be provided with a private room at no extra charge. If the guaranteed rate has been paid in full.

The Maternity Guaranteed Rate Program will become invaluable if:

1.-The total guaranteed rate is not paid in full before entering the hospital.

2.-The delivery requires a Cesarean section.

3.-The length of hospitalization for the mother and baby exceeds the agreed-upon rate due to complications.

If the requirements of the Maternity Guaranteed Rate Program are not met, the patient will be billed for all actual medical charges.

"However, should the patient's actual medical charges be less than the guaranteed rate," said Sister Mary Thomas, "the difference will be refunded."

Included in the cost are:

1.-Mother and infant charges for actual delivery account. (The day of admission is counted as the first day under this program. The day of discharge is not counted.)

2.-Prenatal classes.

3.-Follow-up call from the obstetrical nursing staff. Charges not included are:

1.-Prenatal hospital care and evaluative testing such as laboratory tests, stress, OCT stress, ultra sound and amniocentesis.

2.-Admission for false labor.

3.-Charges for other hospitals in the event of transfer of the mother or infant.

4.-Any required medical care after mother and infant are discharged.

5.-Physician charges.

6.-Complications for infant or mother.

For more information on the Maternity Guaranteed Rate Program, parents-to-be may contact the SEMC Business Office at 798-3090.

Many couples then provide that when the second one dies, if they should die simultaneously, all property will then be left to the children.

If a couple incorporates these provisions in a Joint and Mutual Will, some Illinois Courts have interpreted this as a contract between the parties which cannot later be broken by the surviving spouse.

Therefore, in the situation where the wife's first husband remarries, he could be prohibited from making a new will and leaving property to his new wife if he previously had a Joint and Mutual Will.

If the man and his first wife had previously each had their own will, this problem probably would not arise upon his remarriage since there never was a

contract between himself and his first wife in a Joint and Mutual Will. Normally spouses do not want to be prohibited from later changing their will upon the death of the first one. For this reason, many attorneys recommend that the Joint and Mutual Will be avoided.

One thing to keep in mind is that even if an individual is bound by the Provisions of a Joint and Mutual Will, there is still a possibility he or she can bring about a change upon the death of the spouse.

If a husband or a wife decides to make a new will, even though they previously signed a Joint and Mutual Will, this will would be valid unless it was challenged by one of the previous beneficiaries.

Therefore, in our previous example if the husband wished to make a new will leaving everything to his new wife, this will would be valid unless it was successfully challenged within six months of the admission of the will to probate.

Management Class offers theory

Can you imagine a college class in a firehouse? Brian Donnelly, assistant professor of government and public affairs at Southern Illinois University at Edwardsville, certainly can.

This summer, Donnelly and six host administrators will teach a course in municipal operations management, officially designated as Government 429: Topics in Public Administration.

HOST ADMINISTRATORS, such as Fire Chief Don Twitchell of Alton and Steven Deist of Edwardsville, will take all the class members to actual work sites for Saturday afternoon sessions, after three hours of lecture and discussion of theory in the morning. The class will begin at 8:45 a.m. on Saturday, June 23.

By 1:15 p.m. of that opening session, the group of students, over 70 percent of them currently employed by local governments with an average of eight years experience, will be in the Alton Fire Station.

"This course will acquaint students with various management considerations involved in the principal services provided by Illinois municipalities," Donnelly said. "Included will be police, fire, road maintenance, water, storm water removal, sanitary sewers, and park and recreation."

BOTH OUR HOST administrators and our employed students will be giving up their complete Saturdays," Donnelly pointed out. Each afternoon session will take place at the work sites of municipal government departments considered to be pacesetters in the area.

In return for this time commitment, students will get credit toward the Master's in Public Administration degree, plus some direct, state-of-the-art experience to back up the theory expounded in the classroom.

"In traveling around the area, I have noted a considerable interest in this kind of approach to a public administration course," Donnelly said. "Municipalities are large operations, and none of the departments function in the same way. By tradition, some are more professionalized than others."

"SOMETIMES A LACK of understanding about how another department is operating can lead to unfortunate misunderstandings. We want to give all the students a sense of the full scope of municipal operation, with a focus on those which are generally accepted to be working in an exemplary way."

"There are some areas in which everyone is interested, such as waste treatment," he noted. "But we have found that there are very few people, even the ones who are doing a good job, who don't see room for improvements."

"Then there are many common problems, and some that are related to a given area or set of political circumstances. By developing insights and strategies on every level, we think that the university can offer its resources to improve the performance of individual departments, and we hope to lead to improvements on a broader level, as well."

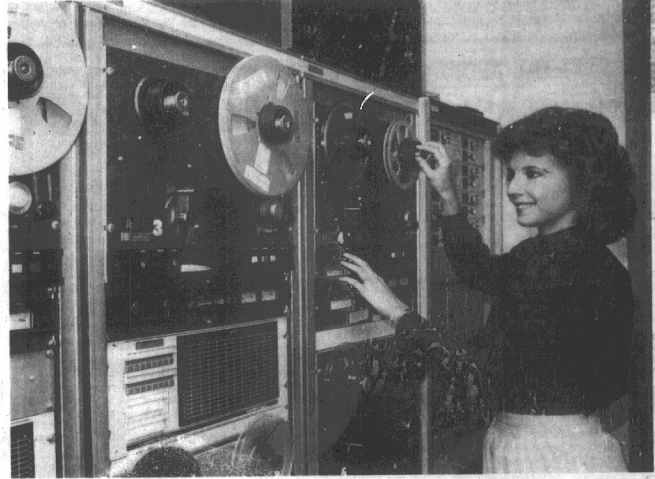

"WE HAVE LEARNED, however,

that it is more productive to listen to others before we try to impose what might be seen as an overly idealistic, textbook approach to specific situations. One of the most important parts of this class will be the questions that all will have an opportunity to pose for the host administrators, to be answered when we go out to visit their operational sites."

On six consecutive Saturdays starting June 23, each class will convene at 8:45 a.m. on the SIUE campus. Until 11:45 a.m., Donnelly will talk on management techniques and issues surrounding a single service provided by municipal government, concluding with the collection of questions and issues to be posed to the host administrator during the afternoon field session.

Students are then expected to provide their own transportation to the proper agency work site, with a stop for lunch at a place of their choice. At 1:15 p.m. the class will reconvene. Afternoon sessions end at 4:15 p.m. Responsibility for the afternoon's instruction will be shared by Donnelly and the administrator of the host agency. The information presented will be determined by prior discussion between the two, with the ultimate responsibility for the course's content and integrity falling on Donnelly.

FOR MORE information about the Municipal Operation Management course, interested persons may call Brian E. Donnelly, coordinator of the MPA program, Box 45, SIUE, Edwardsville, Ill. 62026, 1-692-2908.

THERE'S MORE THAN ONE WAY TO COMMUNICATE. Cindy Rock of East Alton has proven there's more than one way to communicate. The reigning "Miss Mississippi Valley," has a degree in elementary education and is studying towards a second degree in mass communications at Southern Illinois University at Edwardsville. Here, she works in the operations studio of W5IE-FM, the campus radio station. A talented pianist, she will compete in the "Miss Illinois" contest in July.

Computer language course offered at summer session

A concise course in PASCAL computer language, developed especially for high school math teachers, will be offered through Summer University by the department of mathematics, statistics and computer science at Southern Illinois University at Edwardsville. The course, MSCS 404-4 Computer Programming, will be taught by Professor Gregory Stephen during the eight-week summer session on Tuesdays

and Thursdays from 10 to 11:50 a.m., and on Fridays from 11 to 11:50 a.m. It is not formally listed in the Summer University announcements. "IT WILL COVER the essentials of PASCAL programming," Stephen said. "Teachers at the high school level are now under pressure to understand a high level programming language that is far more efficient than BASIC."

"PASCAL," he noted "is fast

becoming the most widely used programming language for teaching purposes. High schools throughout the country are starting to offer courses in PASCAL, primarily because the Educational Testing Service (ETS) is using this language in its tests."

The course will cover the complete PASCAL language. It will illustrate top-down design and the use of procedures to achieve modularity. In-

cluded will be the most essential material taught in Introduction to Programming, but topics will be presented at more rapid pace than in the introductory course.

For further information in MSCS 404-4 PASCAL Programming and necessary prerequisites, students may contact the SIUE department of mathematics, statistics and computer science, Box 65n, SIUE, Edwardsville, Ill. 62026, 1-692-2382.

EXISTING AS WELL as newly developed contacts with science teachers will be utilized in the course of the study. Data will be collected to study the impact of graduation requirements on programs now offered by local secondary schools.

For further information concerning the study, interested persons may contact M. A. Hakeem, department of physics, SIUE, Edwardsville, Ill. 62026, 1-692-2188.

High school physics curricula to be studied at SIUE

A study to help broaden and strengthen the region's high school physics curricula will be undertaken by M. A. Hakeem, professor of physics at Southern Illinois University at Edwardsville. The study is a public service project of Summer University.

The project will examine two aspects of the physics curriculum in several area high schools. First, as a result of new state mandates, there will be an impact assessment of the resources, in terms of both personnel and laboratory facilities.

SECOND, the feasibility of extending the existing College Credit High School Physics (GCHP) program to fill the need for more science courses in the schools will be explored.

State mandated graduation requirements for Illinois high schools now under consideration by various school districts will necessitate a more extensive physical science

curricula than those currently in existence.

"Summer University wants to help the common schools meet whatever needs may develop in this discipline," acting director Paul Gaston said. "This project fits in very well with the on-going policy enunciated by President Earl Lazenby that the university cooperate as fully as possible with the common schools within our range of service."

REPORTS FROM several study groups and commissions have noted the need to improve science instruction in secondary schools, according to Hakeem. "In addition to this need, state mandated graduation re-

quirements have placed a severe strain on available resources for science instruction in local schools," he pointed out.

The College Credit High School Physics project, a joint venture between the SIUE physics department and several area high schools, has been in existence several years. At present, the CHSP program is a modified version of the traditional college physics course.

Assistance in instruction is provided by the SIUE faculty, and success in the course earn credit accepted by SIUE. "This program has the potential of serving the needs of the

schools in physics instruction," Hakeem claims. "Our study will develop this potential by indicating the changes and modifications needed to make this program possible."

For further information concerning the study, interested persons may contact M. A. Hakeem, department of physics, SIUE, Edwardsville, Ill. 62026, 1-692-2188.

Summer camp for dolls offered

Three young entrepreneurs from Granite City have dreamed up a new business which promises to make

the Pet Rock fad of a few years ago look pale.

George Sykes, Jr., a junior at Southern Illinois University at Edwardsville majoring in computer science, Donald Cook, a junior at the university majoring in management information systems, and Kathy Feigl, a secretary at McDonnell-Douglas, are launching a summer camp for dolls.

THAT'S RIGHT! According to information aimed at little mothers, the newly initiated "Camp Lettuce Leaf" is the chance of a lifetime for your doll. It is a fresh, new camp with young and enthusiastic counselors interested in helping your doll through the camp ac-

tivities, both day and night." Dollies who attend the camp are promised a Camp Lettuce Leaf t-shirt, his or her own letter mailed back home to their owners telling of their experiences, a swimming certificate, camping and hiking awards, and all the food they can eat. There is also a field trip to Wilson Park in Granite City.

In addition, the dolls get pool-side privileges, a picture of themselves involved in camp activities, and the name and address of a fellow camper so they can keep in touch with their newly-found friends after they return home.

THE IDEA FOR a summer camp for dolls came from a brainstorming session between the three Granite City friends. "We really thought that dolls needed something to do during the summer. After all, their owners are outside playing and having a good time and the dolls are forced to stay inside with no one to play with. We feel this is their big chance to spend an exciting week at camp," Sykes said.

PUBLIC NOTICE

Notice of Proposed Change in Schedule To Patrons of Illinois Power Company

The Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission proposed changes in its Scheduled Rates for Gas Service and its Rules, Regulations and Conditions Applying to Gas Service, which apply to communities and areas served by Illinois Power.

The proposed changes in gas rates provide a \$13.9 million (2.9%) decrease in gas utility revenues, not including add-on taxes. The revenue decrease results in the following percentage change in rates: Residential Gas Service, 0.5%; Commercial/Industrial Gas Service, 0.4%; and Seasonal Gas Service, 2.9%.

Residential Gas Service (S.C. 51)

Small—Non-Space Htg. 30 \$ 2.00 8.6 %
Medium—Space Heating 100 \$ 1.48 2.3 %
Large—Space Heating 250 \$ (3.61) (3.4) %
500 \$ (6.16) (4.8) %
1000 \$ (18.88) (7.0) %

() denotes decrease

The proposed changes in gas rates include: (1) a revision to the method of computing the credit in Rider W, Transportation of Customer Owned Gas; (2) revisions to Rider A, Adjustment for the Cost of Purchased Gas; and (3) a new rider, Rider B, Adjustment for Cost of Purchased Gas Applicable to Gas Service Classifications 65, 69 and 75.

The proposed change in gas rates involves adjustments of metered volumes for customers with a delivery pressure greater than 12 inches water column.

A copy of the proposed changes in schedules may be inspected by any interested party at any business office of the Company.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Chief Clerk of the Illinois Commerce Commission, Springfield, Illinois 62706.

Officers can post the notice on the vehicle or the property. "This would fulfill our legal obligation," he said.

Alderman Sam Whitmer, who was acting as mayor pro-tem for the meeting, said he feels there will be a lot of cars affected by this ordinance. "Under this ordinance, half the cars in Granite City will get taken away. People better put their cars in a garage and hide them."

AFTER this ordinance was approved, an ordinance that would limit the number of cars a resident could have in his driveway, was read.

This ordinance would make it illegal to have more than three cars visible on a driveway at a single family residence. In other words, more than three cars could be parked on a driveway, if the other cars

were in a garage. This would not prohibit vehicles from being parked on the street.

According to Papa, this ordinance was designed to keep residents from parking their cars in the yard.

The ordinance also would prohibit more than six cars on a driveway in a multiple dwelling zone.

A MOTION was made by Varadani to refer the ordinance back to the ordinance committee.

"I'm not for this ordinance," said Alderman Paul Ray Bowler.

Whitmer agreed saying, "The last ordinance went down with a bump but I can't swallow this one."

Papa said he had brought the ordinance on Varadani's request, but Varadani said he had meant to make something similar a provision in the "junk vehicles" ordinance.

Venice-Lincoln graduates 182

Venice-Lincoln Technical Center conducted its 16th annual graduation ceremony Wednesday, May 23, at the Venice High School Gymnasium. The center presented 100 graduates certificates of completion in the areas of GED, business, nurse assistant, and welding.

VLTCE is a state and federally funded program which offers training free-of-charge to adults of 18 years of age and older. The center's director, Peter Ponce, director of the center, was master-of-ceremonies.

Guests of honor included: Robert N. Vickers, superintendent of Venice schools; Jim Roth, educational specialist from the Illinois State Board of Education, who gave the graduation address; Wilbert Glasper, president of the Venice School Board, who presented the diploma; and Rev. William Young, who offered the invocation and benediction.

After the ceremony, graduates and guests completed follow-

Opi-Mrs. tours I

The Noon Day Opi-Mrs. Club held their spring season work picnic at the Jordan Hotel, 1001 Regional Post District, last week.

A luncheon was served by hostesses, Mesdames Lane Auderick, Geraldine H. O'Neill and Mary Ann Odom after invocation by Giese.

Mrs. Dorothy McCauley, president, called the meeting to order, called on Mrs. Edna Rickle to the Opi-Mrs. Creed. She welcomed Mrs. Lane Auderick, a new member, and Mrs. Ann Little, who was in the hospital. Recognition was given Mrs. Goldie Fische who was celebrating her 50th anniversary today.

A new corp of officers for the 85 year were elected. They are: Mrs. Myra Parrish, vice-president; Mrs. Gladys Pace, secretary; Jane Giese, treasurer; and Mesdames Dorothy Cauley, Virginia John and Daley.

The president thanked the committee for planning meeting, dance prizes were awarded Mesdames Lane Auderick, Geraldine H. O'Neill and Mary Ann O'Neill and Virginia John.

The Tri-City Regional District is celebrating its 25th anniversary year. Mrs. J. W. General manager, briefed the group on the progress that has been made.

They boarded a bus and took a tour of the area.

Getting active

THE 1984 SENIOR OLYMPICS will be conducted Tuesday through Thursday, May 29 through 31, at the Jewish Community Centers Association (JCCA) in St. Louis. Local resident Gus Lignoul Sr. will be competing in one event, a winner in the 1983 softball accuracy throw. Lignoul will defend that title and will compete in the basketball free throw, the football throw, the shot put, standing and running broad jump, the javelin and discus. To get to JCC, persons may take US Highway 40 to Lindbergh Boulevard South and take Lindbergh to Shultz Road to get to the center.

Workshops

AN INFORMATIONAL WORKSHOP for prospective volunteers will be conducted by the Rape and Sexual Abuse Center at Southern Illinois University at Edwardsville from 10 a.m. to 3 p.m. Saturday, June 2. The workshop, which is free and open to the public, is scheduled in the International Room of the University Center. Additional information may be obtained by contacting Maureen Sommers at 1.602.3234.

THE SOUTHWESTERN SMALL BUSINESS Development

Center is sponsoring a human relations seminar on Wednesday, May 30; at Granite City Center, 4950 Maryville Road. The conference will be from 8:30 to 11:30 a.m. A fee of \$10 per person includes rolls, coffee and all meeting materials.

Other dates

CENTRAL CHRISTIAN CHURCH, 2020 Johnson Road, will conduct its annual Strawberry Festival from 11 a.m. to 6 p.m. Saturday, June 2, at the church hall. The event features a bazaar, homemade cakes, candies, relishes, jams and jellies, strawberry ceramic items, floral arrangements, plant clippings and art work. The festival also will have fresh strawberries, shortcake and ice cream.

THE PARENTS OF CHILDREN involved in the Head Start Program are having a car wash Saturday, June 2, beginning at 10:30 a.m. at the Ponderosa Steak House, Nameeki and Johnson roads. The charge for cars will be \$2, with van and pick-up cleaning being \$3.

APPLICATIONS FOR THE MAYOR'S Paint Program are being taken by the city and the township now through June 29. The free house painting program is being offered to senior citizens and low-income homeowners. Applications and guidelines may be picked up and filled out at two locations: the Granite City Township Building, 2060 Delmar Ave., and the office of Mayor Paul Schuler, City Hall, 2000 Edison Ave. Both offices will be open Mondays through Fridays during normal working hours.

**MADISON MAN CHARGED
WITH DUI, LEAVING SCENE**
Daniel T. Shrum, 27, of 1424 E. St., Madison, was charged at 5 a.m. Thursday with driving under the influence of alcohol and leaving scene of an accident after allegedly striking another car.

Shrum was apprehended by Venice police at Curt's Drive In, Madison Ave. He was transferred to Madison County Jail Friday.

\$500 IN JEWELRY TAKEN
Stephanie Kinder of 1126a Madison Ave., told Madison police Saturday night, that someone took more than \$500 worth of jewelry from her home. Taken was a gold and diamond pendant necklace, one pair of diamond earrings, one pearl necklace, one pearl and diamond necklace, a gold chain and a gold locket with the initial "S" inscribed in it. Kinder said there were no signs of forced entry.

Teachers Federation awards scholarships to two students

The Granite City Federation of Teachers, Local 743, Scholarship Committee co-sponsored by Andy Vurko and Carole Moore selected two Granite City High School seniors as the winners of their annual scholarships.

Recipients of the awards were Gloria Millanis and Elizabeth Trimmer. Each will receive a \$400 scholarship to the college of her choice.

Miss Millanis, an honor student, has selected St. Luke's School of Nursing in St. Louis, to continue her education. While in high school she was active in band, Band Letterman's Club, Modern Music Masters, stage band, hockey cheerleading, SLAC, Science Club and National Honor Society. Her mother, Berta Millanis, is a data clerk employed in the school district.

Also an honor student, Miss Trimmer chose Carleton College in Northfield, Minn., to attend where she will major in chemistry. After graduation from college, Miss Trimmer plans to become a research doctor or chemistry professor. While in high school she was active in the marching band, stage band, National Honor Society, Modern Music Masters where she also served as vice president, Band Letterman's

Club, Science Club and math team. Her parents are Ron Trimmer, a geodesist, and Mrs. Mary Trimmer a math teacher at Grigsby Junior High School.

These scholarships are awarded annually and are annually renewable, according to a spokesman for the teachers.

In the past four years AFT scholarships have been awarded to Allen Huff, Tina Ehrig, Tracie Keller, Orville Angle, Darlene Kaemph, Todd Goodrich, Allison Ashmore and Lisa Green.

LAWN MOWER MISSING

A red lawn mower valued at \$106 was stolen from the garage at the home of George Smith, 2901 Circle Drive, a weekend report said.

ARREST FOR OPEN BURNING

Carl F. Cavitt, 60, of 1737 Spruce St. was arrested for open burning occurring last week on tavern property at W. 20th Street and Illinois Avenue. Rubbish was ablaze at a trash dumpster, firefighters said. An earlier fire there, on March 6, spread out of control, the firemen alleged.

\$550 CAMERA IS STOLEN

A 35mm camera with telephoto lens, worth a total of \$550, and a \$225 leather jacket were stolen from the parked auto of George Kossel, Bridgeton, Mo., Thursday at a Granite City Steel parking lot on 20th Street.

Madison classes throughout June

Summer school will be held in the primary and senior high schools of Madison Community Unit District 12 from June 4 to 29, at 8:30 to 11:30 a.m.

The Blair and Harris primary attendance centers will have kindergarten and grades one, two and three. There is no fee for students in grades K-3.

Madison High School will offer English 1 and English II. Classes will be held for three hours, 8:30-11:30, each day.

The fee for a high school course is \$30 to \$40 per student, depending on the number of students who enroll. Supt. John L. Palchett said. He added:

"Parents should note that a student failing an English course cannot move to the next level until that course has been passed. It is impossible for a student to be enrolled in two English courses at any one time."

"Four years of English are required for graduation. It is important that a student make up the failed course in order that the student will have passed four years of English and be able to graduate at the end of his or her senior year."
